

Hearts for Him Through High School: World Geography

A Compelling High School Program that will encourage you to open the door, get ready to explore, and journey forth into this world! Written to send forth students ages 13-15 everywhere armed with knowledge, filled with compassion, and consumed with love for those around the world, around the neighborhood, or just around the corner.

[11th and 12th grade students can also use this guide by adjusting the 3R's and science as needed]

Explore uncharted lands and seas...discover indescribable treasures of old and new...solve untold mysteries of past and present...and journey to exotic places spanning from one end of the earth to the other as you take a tour through time via *World Geography*! Embark on an exploration of history and with pen in hand chronicle your journey by *Mapping the World With Art* and by making memorable entries in your full-color *Expedition Journal*. Join archaeologists to search for answers to uncover the meaning of artifacts, the Dead Sea Scrolls, and the historicity of the Bible. Tread in the paths of famous explorers from the ancient times to the New World, from Africa to Australia, and from the Arctic to the Antarctic. Travel through time to explore *The Seven Ancient Wonders of the World*, as well as 7 Technological Wonders, 7 Archaeological Wonders, and 7 Natural Wonders. Journey to the *Must See Places of the World* with Reader's Digest filmmakers to see a visual feast of people and places! Capture the images of memorable people you've met by keeping a full-color *Book of Centuries* with Amy Pak's timeline figures!

World Geography has 35 engaging units with complete plans organized in two sections entitled "Learning Through History" and "Learning the Basics." This dual approach to learning lets you stop stressing and start enjoying your year, knowing you have all your credits covered. Earn up to 6 ½ credits, including 1 full credit in World Geography, ½ credit in World Religion and Cultures, 1 full credit in Bible, 1 full credit in English, 1 full credit in Math, ½ credit in Logic, ½ credit in Foreign Language, and 1 full credit in Science, with or without lab.

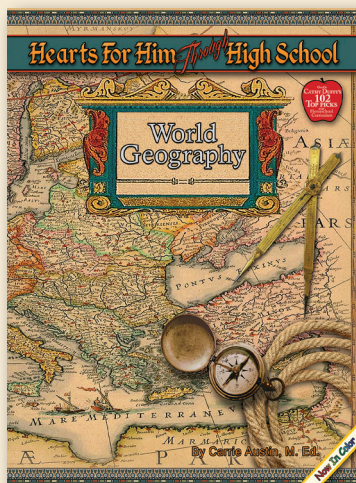

Simply customize this program by choosing whichever packages you need!

The "Learning Through History" part of the program sets you off on an adventure of a chronological and narrative view of World Geography. You will not only travel the world with the resources described above, but you will also embark on a journey to answer the question, *But Don't All Religions Lead to God?* With *World Religions – An Indispensable Introduction* tucked under your arm, navigate the multi-faith maze by using your newfound knowledge of 8 of the world's major religions to reach out to people of other faiths. Meet those who have gone before you, like Mimosa, a Hindu child who trusted God to overcome extreme adversity...or Sundar Singh, a former Sikh who crossed the Himalayas to share the Gospel with Hindus, Buddhists, and Sikhs...or Bilquis Sheikh, a prominent Muslim woman who dared to call God her own!

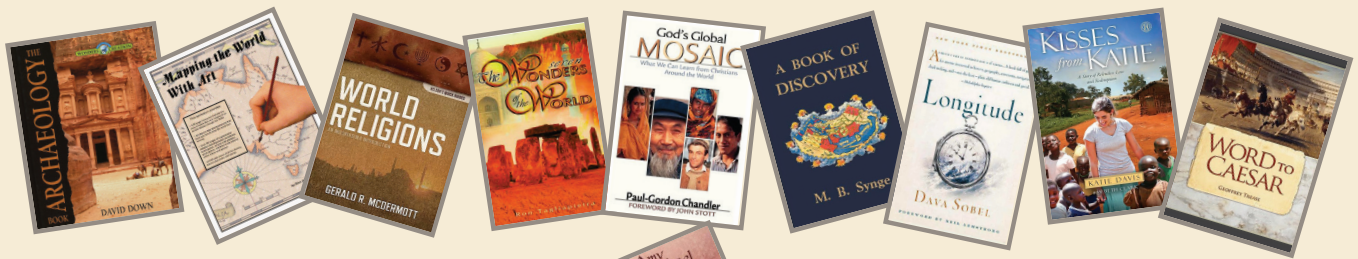

See history come alive as you map the world from scratch, one area at a time!

Expertly led by Ellen McHenry's step-by-step lessons, create your own world map to retell the history of mapmaking, starting with the cartography of Greece and ending with the mapping of Antarctica. McHenry's correlating projects will have you baking an edible Babylonian clay map, playing original board games like "Pirates of the Mediterranean," watching documentaries of famous people like Captain Cook, making a 3-D octahedron paper globe, and viewing video clips of Henry Hudson, Henry the Navigator, and Marco Polo!

And that's not all...delve more deeply into World Geography with our Charlotte Mason style *Living Library*! This incredible 17 book/audio set has been selected for its narrative quality and its connections to the *World Geography* plans.

Hearts for Him Through High School: World Geography

While this set is not meant to fulfill your literature or history credits, it is meant to ignite a passion for learning, giving a window into what it would have been like to voyage to the "barbaric" north with Herodotus, to travel the Silk Road with the Showalters, to minister to fishermen on the deadly North Sea with Wilfred Grenfell, to sail upon the *Endurance* with Ernest Shackleton, and more!

Finish out our "Learning Through History" plans by showing what you've learned with a balance of varied assessments such as key word, summary, detailed, and topic oral and written narrations; expedition journal entries with bulleted notes, outlines, sketches, primary source documents, questions based on Bloom's Taxonomy, video viewing guides, research topics, and Socratic discussions; DVD viewings and follow-ups; *Book of Centuries* portrait gallery and timeline entries; hands-on geography projects; guided mapping lessons; one-sentence summaries; graphic organizers and reflective notebook entries; bookmark prompts targeting higher-level responses; and finally, learn Spanish gradually & systematically with *Getting Started with Spanish*, a program designed specifically for students learning Spanish at home.

The "Learning the Basics" part of *World Geography* teaches essential skills that meet academic and spiritual needs. Draw closer to the Lord with our *Rooted and Grounded* Bible and Devotional Study, which includes Scripture memorization, prayer for unreached people groups, personal prayer based on the Biblical model of prayer, and keeping a prayer journal. Also spend time reading and annotating either our inspiring *Stepping Heavenward* (for young ladies) or our equally motivating *Practical Happiness* (for young men), and set out into the world ready to unlock the treasure of having a deeply grounded faith!

Enjoy a balanced language arts approach with readings; discussions; and literary analysis, Biblical worldview, and critical thinking questions from *BJU Fundamentals of Literature*. Be inspired by

partnering our Charlotte Mason style oral narrations, written narrations, and *Common Place Book* entries with our carefully hand-picked classic boy or girl novel sets! Learn to successfully write personal, persuasive, expository, and compare and contrast essays, as well as a research paper with easy to follow video lessons in *Essentials in Writing: Grade 10*. Lay a firm foundation in grammar, writing, and English skills with *Rod and Staff English*, while continuing to improve dictation skills with included dictation passages.

Earn your science credit in good company with award-winning author John Hudson Tiner in *Integrated Physics and Chemistry*. With 12 chapters totaling 742 pages of physics and chemistry-related topics, Tiner's incredible gift for writing is sure to make a lasting impression! Demonstrate what you've learned not only with multiple choice, true/false, fill-in-the blank, vocabulary, and short answer questions, but also with hands-on assessments of 36 lab experiments from the MicroPhySci Kit and easy-to-use manual. Round out your "Learning the Basics" plans by choosing from one of our many Algebra I math options, and by choosing whether to use our Logic package, which includes thought-provoking readings from *The Fallacy Detective* and the *Art of Argument*, discussions, provided questions, and follow-up assignments.

Finally, *World Geography* gives you time to pursue individual interests by keeping school to about 6½ hours each day, just 4 days a week! So, you can either use the fifth day of the week to explore other interests, or stretch the 4-day plan into 5 days. Convenient packages of resources and the use of materials you'd find at home make this program ideal for homeschooling. Simple daily plans organized in a two-page, boxed format let you see at a glance what is done each day and show whether plans are "teacher-directed", "semi-independent", or "independent". Complete course descriptions, grading helps, and a plan for all of your needed credits to be covered make homeschooling in high school easy. So, why not let *World Geography* fill your high school days with purpose, joy, and success?

Comments

So, what do homeschoolers just like you have to say about World Geography?

"Our oldest son used the *World Geography* guide this year for 9th grade. We have loved it! He loved the exploration related readings most of all, along with watching videos about those places. I was thrilled to have both *World Religions and Cultures* and *Logic* included for elective credit. As in previous guides, the notebook pages are gorgeous and create a beautiful keepsake of his year. I especially appreciate all the work Carrie has put into figuring out what is needed for high school credit. With several younger children in the mix, the planning is a huge blessing! Thank you!"

Liz in Leesburg, Virginia

"I really enjoyed Heart of Dakota's *World Geography* for my son's first year of high school. I did not have to plan a curriculum, schedule his school day, or search for books. That was all done for me! Even how to grade the different subjects and award the credits was included. All I had to do was teach and have a wonderful year. The living books were amazing. We are looking forward to next year with *World History*."

Diane in Saginaw, Texas

"I loved the whole *World Geography* package this year, but my favorite part was the *World Religions* and all the books that went with it! I learned about so many cultures and religions, and in doing so can see how understanding *World History* next year will make so much more sense! Every year with Heart of Dakota gets better and better."

Olivia (age 16) in Washington, MO

"I absolutely love Heart of Dakota. I have been using it since fifth grade, and Heart of Dakota literally changed our homeschooling life. I love the daily plans and easy-to-schedule projects. I am currently finishing 9th grade, and we are using the *World Geography* guide. This has by far been my favorite school year, and I will tell you, I hated anything that had to do with maps and latitudinal/longitudinal lines. The step-by-step mapping projects and fun activities changed that! I also loved the writing curriculum and the Bible Study. Thank you Mrs. Austin for another amazing year!"

Savannah (age 15) in Pelahatchie, Mississippi

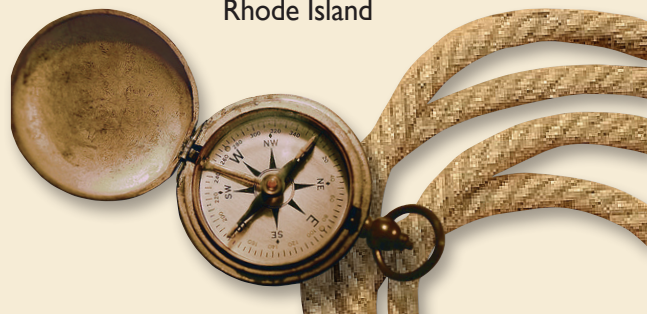

"I really enjoyed the *World Geography* books. I never thought I'd say that about any books, but the books Mrs. Austin picks are really thought provoking. I can get into them, and they keep my attention. I see how everything I am learning ties together, and it makes the learning a lot more interesting. Looking forward to using the *World History* guide for my senior year!!"

*Ryan (age 18, used with additions for his junior year)
in Washington, Missouri*

"I wanted to say that my daughter really enjoyed the mapping from the *World Geography* guide. It was her favorite part of the plans! Thanks so much!"

*Charlene in Warwick,
Rhode Island*

So, come on over and take a peek at the World Geography Teacher's Guide!

Learning Through Geography

Focus: The Table of Nations, Archaeology, Egyptian Chronology, and the Exodus
Unit 1 - Day 1

World Geography S

Read about geography in the resource below.

★ *A Book of Discovery* p. 1-8

After today's reading, orally narrate or retell to an adult the portion of text that you read today. Use the *Narration Tips* in the Appendix for help as needed. Some possible key words or phrases to include in your narration might be *dawn of geography, God created heaven and earth, Eden, Tigris, Euphrates, Persian Gulf, Babylonia, Mesopotamia, Chalde, Assyria, Mediterranean Sea, Ur, Abram, Egyptians, Thebes, Cairo, pyramids, shipping, navigation, Pharaoh, Punt, serpent, Red Sea, Queen Hatshepsut, presents, and Chief of Punt.*

Key Idea: God's Word tells of the origins of the world of the "dawn of geography," and of exploration.

Geography Activities I

Open your *Expedition Journal* to Unit 1. In Box 1, view the map of the "Table of Nations" after the dispersion from the Tower of Babel. Read Genesis 10:1-2 and point to the places in Box 1 (mainly in Europe) where the sons of Japheth settled. Next, read Genesis 10:6 and point to the places in Box 1 (mainly in Africa) where the sons of Ham settled. Notice in the "Map Key" which nations came from each of Ham's sons. Who was the father of the Egyptian nation? Then, read Genesis 10:22 and point to the places in Box 1 (mainly in Asia) where the sons of Shem settled. Abram descended from Shem's son, Arphaxad, who settled in Chaldea. God called Abram out of Ur of the Chaldeans. During a famine, Abram spent time in Egypt. According to revised dating, this was during the 4th Egyptian Dynasty when the 3 great pyramids were built. For today's activities, use the resource below.

★ *Marvels of Mankind* DVD
On the DVD, select "Marvels of Mankind - Chapters." Then, select "Cairo." Watch the DVD from 8:26 - 15:09 on the counter.

Key Idea: Mizraim is the father of Egypt.

Living Library I

Read the following assigned pages:

★ *The Sign Above the Door* p. 1-28

After today's reading, photocopy the "Summary" page from the Appendix on both sides of a single sheet of paper. In the top box of the "Summary" page, write the book title and the page numbers you read today. In the remaining space in the box, copy the following one sentence summary of today's reading: *The rule of Lower Egypt weighed heavily on Martiesen, as his secretary Peshala secretly plotted revenge and Pharaoh's bondage of the Israelites brought plagues upon Egypt.* Fold the paper in half and keep it in your book.

Key Idea: Practice summarizing a living book.

World Religion & Culture I

Read about world religion and culture in the following resource:

★ *But Don't All Religions Lead to God?*
Introduction - Chapter 1

After reading today's pages, open your *World Religion & Culture's Notebook* to Unit 1. Either select several memorable sentences from various parts of today's reading, or select one longer memorable passage. In Box 1, below the title, copy the sentences or passage you selected. At the end of each quoted sentence or passage, write the page number on which it appeared in *But Don't All Religions Lead to God?*

Key Idea: Sincerely believing something does not make that belief true.

Foreign Language S

Choose **one** foreign language option below.

★ *Getting Started with Spanish:* "Preface," "How to Use This Book," and Lessons 1-2
★ Your own foreign language program

Key Idea: Introduce *articles* and *gender*.

Learning the Basics

Focus: Logic, Bible, Literature, Composition, Grammar, Math, and Science
Unit 1 - Day 1

Logic I

Read the assigned pages in the resource below.

★ *The Fallacy Detective* p. 9-12 "What Is a Fallacy?"

Key Idea: Introduce the meaning of a fallacy as "an error in logic" and read over the goals for the Logic course.

Literature Study I

Read the assigned pages in the resource below.

★ *Fundamentals of Literature* p. xiv-xix

Key Idea: Read the introduction about literary criticism and its value for "analyzing and evaluating literary works." Become familiar with the design and layout of *Fundamentals of Literature*.

Composition/Grammar S

Have students complete one studied dictation exercise (see Appendix for directions and passages).

Help students complete **one** English option.

★ *Building Securely:* Lesson 1
★ Your own grammar program

Key Idea: Use grammar skills in composition.

Bible I

Bible Study: Read and complete the assigned pages in the following resource:

★ *Rooted & Grounded:* Introduction p. VIII - XII

Scripture Memory Challenge: You will begin memorizing Scripture on Unit 1 - Day 2.

Prayer: Photocopy "Preparing Your Heart for Prayer" from the Appendix. Refer to the questions for praying with adoration, confession, thanksgiving, and supplication. Then, pray a prayer that includes all four parts of prayer. After your prayer, get your "Prayer Journal." Write today's date and list 'A,' 'C,' 'T,' 'S' by writing each letter on its own line. Next to 'A,' list key phrases to summarize the 'adoration' part of your prayer. Next to 'C,' list key phrases to summarize the 'confession' part of your prayer. Next to 'T,' list key phrases to summarize the 'thanksgiving' part of your prayer. Next to 'S,' list key phrases to summarize the 'supplication' part of your prayer. Last, place the copy of "Preparing Your Heart for Prayer" inside your Bible.

Key Idea: Introduce *Rooted & Grounded*.

Math S

Choose **one** of the math options listed below.

(See "Course Descriptions" for details.)

★ *Forster's Algebra I, No-Nonsense Algebra, or Videotext Algebra*
★ Your own math program

Key Idea: Use a math program for Algebra.

Science with Lab I

★ Perform Lab 1 "Scientific Investigation" as described on p. 1-7 of the *MicroPhySci: Second Edition Manual*. As you perform the steps in the "Procedure" on p. 2-5, you will need to refer back to Equations on p. 6-7.

Key Idea: Learn how scientists conduct research and how to conduct a scientific experiment.

Now In Color

A A historical and cultural view of world geography is provided through engaging stories that chronicle the history of exploration, discovery, and mapmaking. Independent follow-up assignments include various types of oral narrations, *Expedition Journal* entries, written narrations, and *Book of Centuries* entries.

B Independent, activity-based geography assignments occur daily and range from guided mapping lessons to hands-on geography and navigational projects to DVD viewing activities.

C Daily readings from the *Living Library* coordinate with the geography readings, inviting students to visit exciting destinations around the world through the pages of these books. Follow-ups include writing a one-sentence summary of the reading and giving an oral narration.

D Since understanding world religions is a crucial, and often overlooked, part of understanding world geography, a *World Religion & Cultures* study is also included in this guide. Engrossing readings and corresponding graphic organizers, reflective notebook entries, and bookmark prompts are designed to give students understanding and compassion for the unreached peoples of the world while stirring their hearts to share the Gospel with those of other faiths.

E A *Foreign Language* option using *Getting Started with Spanish* is scheduled daily emphasizing learning new vocabulary, translating practice sentences, listening to a native speaker, and speaking and understanding Spanish.

F Three days in each unit emphasize logic through use of the discussions and lessons in *The Fallacy Detective* and *Art of Argument*. Lessons are designed to help students evaluate arguments, detect fallacies, and use their God-given sense of reason.

G Literature's foundational elements of conflict, character, theme, point of view, structure and tone are taught in this course. Students respond to a wide variety of readings (including full-length novels) through literary analysis, Biblical worldview, and critical thinking questions; oral and written narrations; discussions; and *Common Place Book* entries.

H Grammar lessons using the first half of *Rod and Staff English 7* alternate with lessons from *Essentials in Writing*. Instruction in writing a research paper and in writing personal, persuasive, expository, and compare/contrast essays is provided.

I Daily students use their Bibles, memorize Scripture, pray for unreached people groups, and keep a prayer journal as they complete the *Rooted & Grounded* Bible study. Once in each unit, students also read and annotate either *Practical Happiness* (for boys) or *Stepping Heavenward* (for girls).

J Ideally students should be ready for Algebra 1 or above. Recommended math suggestions are provided in the catalog and on our website.

K The exciting combination of John Hudson Tiner's narrative *Integrated Physics & Chemistry* text, follow-up activity books, and 36 experiments in the *MicroPhySci Lab Kit* provide a unique course emphasizing the foundations of physics and chemistry.

How to Order World Geography

Looking to order *World Geography*? Simply follow the 8 steps below to build your child's curriculum. Begin with Step 1 to get your Economy Package, which includes core credits and the Teacher's Guide for all subjects. Then, follow the remaining steps to add credits to complete your curriculum. Consumables

Our family was using other curriculum and doing well with it, but I was looking for something "meatier" for my rising high schooler to use this year. After much research, I decided that your curriculum would fit the bill. My daughter is LOVING it (as am I)~so much so that I've decided not to wait until high school to switch the others over, so for the upcoming school year I'll be adding 3 more students to Heart of Dakota!

Pam in Sugar Grove, North Carolina

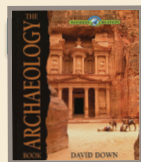

So, now that you know you'll be fully prepared to enjoy your teenager's high school year with *World Geography*, look here to see what you need to get started!

1 Economy Package The Economy Package contains the 22 required resources shown after this box. These resources correspond with the *World Geography* guide's plans to help your student earn 1 full credit in World Geography, ½ credit in World Religions and Cultures, and 1 full credit in Bible. The *World Geography* guide also schedules additional resources daily to allow your student to earn up to 6 ½ total credits for this year of study. To customize this program to earn credit that suits your student's needs, be sure to add-on any additional needed packages beyond the Economy Package. Each resource of the Economy Package is described below, with individual prices listed behind each item.
 Economy Package with *Stepping Heavenward* **(\$608.45) SAVE \$52.91**
 Economy Package with *Practical Happiness* **(\$608.49) SAVE \$52.91**

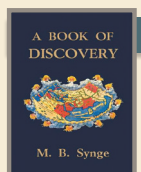

★ *Hearts for Him Through High School: World Geography Teacher's Guide*

This guide will be your best friend as you begin your high school journey! It has 35 weeks of open and go 4-day plans that are each shown on a 2-page spread. *World Geography* is written with the busy homeschool student in mind, so each week of plans takes only 4 days, leaving the 5th day free for students to pursue individual interests. Daily plans take about 6 ½ hours. This guide is ideally targeted for students in grades 9-10, or for students in grade 8 who have completed the previous *Hearts for Him Through Time* guides. Students in grades 11-12 can still use this guide by adjusting the 3R's and science as needed. Guides just don't come as easy-to-use as *World Geography*! (\$144.95)

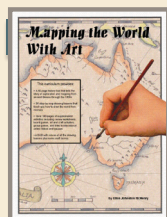

★ *The Archaeology Book*

Embark on an exploration of history and ancient cultures! Find how archaeologists have made some of the richest discoveries of the Middle East. See how these key findings demonstrate the historicity of the Bible, and tackle topics like the dating of artifacts, the meaning of the Dead Sea Scrolls, and more! Full-color photos, drawings, and maps uncover some of the greatest Biblical mysteries! (\$18.99)

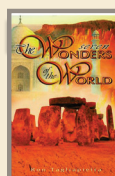

★ *A Book of Discovery*

Meet the most famous explorers, from travelers in ancient times, to discoverers of the New World; from explorers of Africa and Australia, to those who braved the Arctic and Antarctic expeditions. Hear explorers tell their stories, and marvel at their endurance in the face of hardships, their courage in the face of danger, and their self-sacrifice in laying down their very lives ungrudgingly! (\$20.95)

★ *Mapping the World With Art*

Join Ellen McHenry in mapping the world through art! 30 engaging lessons tell the history of mapmaking, beginning with the cartography of ancient Greece and ending with the mapping of Antarctica. Accompanying step-by-step, history-themed drawing lessons guide students to draw the world from scratch, one area at a time. Extra activities coordinate with the lessons to provide map-drawing practice, geography-themed board games, navigational crafts, and map-based art projects! Additional drawing help for each map is provided on Ellen's website, with step-by-step video lessons. A Heart of Dakota discount coupon is included with your book purchase for this additional service. Before you know it, your child will be able to map the world through art! (\$67.95)

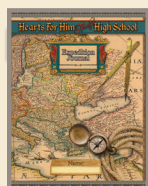

★ *The Seven Wonders of the World*

Explore the original 7 *Ancient Wonders of the World*, as well as 7 *Technological Wonders*, 7 *Archaeological Wonders*, 7 *Architectural Wonders*, and 7 *Natural Wonders*. Discover why pyramids are so intriguing, why Stonehenge is so mysterious, where King Ludwig Konig was from and what architectural wonder he built, and much more! Part biography, part mystery, and part adventure, this volume will capture your imagination from page one! (\$21.95)

★ *Must See Places of the World Set of 6 DVDs*

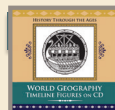

Here is your passport to the world's most memorable destinations as captured by *Reader's Digest's* filmmakers! Each program offers a visual feast of people and places around the world that helps students picture the beauty of each destination, its history, and its stories. From historic landmarks to off-beaten path discoveries, it would take a lifetime to see all these places and wonders, but with this set, students can see them all in just a year! Note: References to evolution are included, but warnings are given in the guide. (\$39.99)

★ *Expedition Journal*

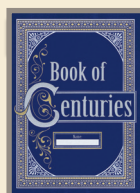

Create a special portfolio as a beautiful keepsake of what you learned this year! This full-color notebook was especially designed for *World Geography*. Pages come 3-hole punched on heavy paper for easy insertion into a binder. A full-color cover is included to place in a clear sleeve in the front of your binder. Entries include writing narrations, reading excerpts of primary source documents, notetaking and outlining, sketching, completing video viewing guides, and researching people, places, events, or ideas. Students also file their maps from *Mapping the World Through Art* in the notebook. Directions in the *World Geography* guide tell where to place assignments on the pages. (\$41.95) [Each student will need his/her own *Expedition Journal*.] [Additional sets may be purchased from Heart of Dakota.]

SAMPLE PAGES p.141

★ *World Geography Timeline Figures*

We are thrilled that Amy Pak has created a printable CD of her beautiful timeline figures specifically for our *World Geography* guide! This CD has approximately 105 of Amy's images, along with her descriptive text for each image. These figures coordinate with the readings in our *World Geography* plans and will be printed, cut out, colored, and placed on gallery pages within our *Book of Centuries*! (\$16.95)

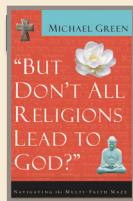

★ *Book of Centuries*

Enjoy using our beautiful *Book of Centuries* to keep a record of time of what you have studied throughout high school! Vivid full-color pages come 3-hole punched on heavy paper for insertion in a 3-ring binder. A full-color cover is included for the front the binder. Each Heart of Dakota high school guide tells where to place entries in the *Book of Centuries*. Each century opens to a 2-page spread, with a gallery of Amy Pak's images on the left, and a page of lines to write on the right. (\$45.95)

[Note: Each student is required to have his/her own *Book of Centuries*, however this is a one-time purchase as students keep the same book throughout all of high school.] [Additional sets may be purchased individually from Heart of Dakota.]

SAMPLE PAGES p.141

World Geography Resources

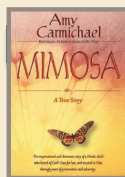

★ But Don't All Religions Lead to God?

How will our children answer the common question, 'But don't all religions lead to God'? In the midst of our tolerant culture, narrative author Michael Green offers a convincing argument for faith in Jesus. Green compares Christianity, Buddhism, Islam, and other religions to help us navigate the multi-faith maze. He gives Biblical answers to difficult questions, invites his readers into a relationship with Jesus, and equips them to have answers for the tough questions of today. Note: Not every part of this resource is perfectly worded, as the only perfect book is God's Word. A few notes in our guide suggest places to discuss possible differences. (\$12.99)

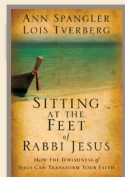

★ World Religions – An Indispensable Introduction

Do you want your children to be able to engage people of other faiths, while better understanding their own Christian faith? Author Gerald R. McDermott will help them do just that! Eight of the world's major religions (Islam, Christianity, Judaism, Hinduism, Buddhism, Confucianism, Daoism, Shinto) and explanations of their traditions and rituals provide an essential introduction to better understand world religions and better reach those of different faiths. (\$14.99)

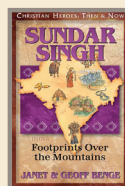

★ Mimosa

Mimosa, the Hindu child of an Indian village, heard one afternoon of a God who loved her, and she lived from then on under His influence. Read this inspiring story of the girl who was embraced by the love of God and trusted in Him to overcome every kind of opposition and adversity. (\$11.99)

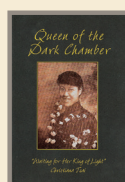

★ Sitting at the Feet of Rabbi Jesus

Gain a deeper understanding of Jesus by seeing His world through the eyes of first-century Jews! Journey back to ancient Palestine and explore the culture, customs, feasts, and prayers that shaped Christ and His disciples. Discover how to enrich your own faith – by gaining insight into the Jewishness of Jesus, by reflection, and by prayer! (\$19.99)

★ Sundar Singh

Searching since boyhood for the way to God, Sundar Singh found truth in Jesus. At sixteen, the former Sikh became a Christian sadhu, and at great risk devoted his life to Christ. With bare feet and few possessions, Sundar crossed the precarious Himalayas between India and Tibet, sharing the gospel with Hindus, Buddhists, and Sikhs. Thousands were impacted by his quiet yet bold words and actions. (\$11.99)

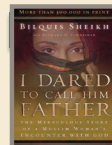

★ Queen of the Dark Chamber

Though Christina Tsai was known as a child as "Too Many," being the 18th child born to a ruling Buddhist family, she is now known as "The Queen of the Dark Chamber!" This not to miss retelling of her life story brings hope and comfort, and as Billy Graham writes "...Christiana Tsai has made us feel the heartbeat of a nation and has done much to interpret the sufficiency of Christ to a great and needy people." (\$10.00)

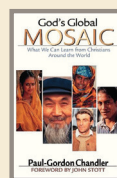

★ Jesus Did Many Other Things as Well

21 short stories of the author's unique and sometimes humorous experiences while being a missionary in Japan for 33 years. Each story shares an aspect about Japanese culture and also teaches a spiritual lesson to be applied in daily life as a Christian. (\$12.00)

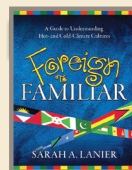

★ I Dared to Call Him Father

This is the amazing true story of Bilquis Sheikh, a prominent Muslim woman in South Asia whose journey to a personal relationship with God turned her world upside down, and put her life in danger! Originally published in 1978, this book has sold 300,000 copies and is a classic in Muslim evangelism! This special anniversary edition includes an extra afterword and appendix that should not be missed! (\$16.99)

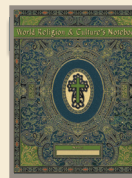

★ God's Global Mosaic

God's people around the world form a mosaic. Each piece of the picture is different, but it contributes to a lovely portrait of who God is and what He is doing. Each area of the world exhibits a unique aspect of the Christian faith. As we learn from these cultural expressions of Christianity, our own faith can be made more complete. If you want to see God as you have never seen Him before, this book is for you! (\$18.00)

★ Foreign to Familiar

If the world were divided into "hot climate" and "cold climate" cultures, what could one half of humankind learn from the other? Lanier, the daughter of missionaries and a world traveler, writes on topics including task orientation vs. relationship; direct vs. indirect communication; group identity vs. individualism; and concepts of hospitality. Sarah's love and sensitivity for people of all nations is touching! (\$10.99)

★ World Religion & Culture's Notebook

This full-color notebook was specially designed for the World Religions & Cultures part of our guide. Pages come 3-hole punched on heavy paper for easy insertion into a binder. They include graphic organizers to complete for each major world religion and space to record reflections about various books read within the study. (\$21.95) [Each student will need his/her own *World Religions & Culture's Notebook*.] [Extra sets may be purchased from Heart of Dakota.] **SAMPLE PAGES p.141**

★ Rooted and Grounded

This non-denominational Protestant Bible-based study is appropriate for a full year of Bible for high schoolers. With a focus primarily on reading & reflecting upon Scripture, each unit begins with a beautiful sketch of unreached people groups. World missions are introduced, as students move from biblical knowledge to spiritual application, and geographical, cultural, & prayer information make it easy to pray for each unreached people group. Students read directly from Scripture to do the workbook and write answers to inductive questions, fill in blanks, and record what God is revealing. Memory challenges, writing assignments, and reviews are also included. (Student Workbook \$25.95; Teacher's Guide \$42.95)

★ Stepping Heavenward [for girls]

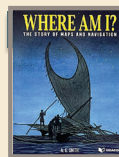

This is an intimate journal of a young woman who struggles with ordinary daily life just as we do. Her life is a constant endeavor to "step heavenward" as she deals with disappointment, heartache, and tragedy. You'll find it hard to believe this journal has not been written with your own pen! This treasure of womanly wisdom is crucial for any woman with a heart's desire to know God. (\$10.95)

World Geography Resources

★ Practical Happiness [for boys]

Behind their brave and independent exteriors young men are searching for answers. Through short, captivating stories, Bob Schultz has crafted a book to lead young men toward a life of contentment that can only be found by seeking the heart of God. *Practical Happiness* will light a fire in the hearts of young men, leading them to a life of personal fulfillment as they draw closer to God. (\$10.99)

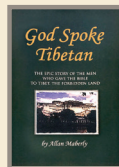

★ Where Am I? The Story of Maps and Navigation

This fascinating story takes readers on a journey through the history of maps and navigation. From Babylon to Scandinavia, North America to China, Greece to Polynesia, ingenious methods & inventions delight all those who marvel at man's spirit of adventure and his ties to home. (\$18.95)

★ The Captive [Lamplighter Theater, 2 CD Set]

Kidnapped by Algerian pirates, Anselmo finds himself on a slave ship to Africa. This dramatic rendition whisks you into a world where the clash between Islam and Christianity brings destruction and death. But when Anselmo begins teaching the words of Jesus, his life speaks louder than words. (\$25.00)

★ God Spoke Tibetan

Starting with the sudden death of the Dalai Lama in Lhasa's thousand-room palace, the story moves to Kashmir as a government official accused of murder escapes for his life. This fugitive, settling in a "Shangri-la" valley of Kashmir, helps launch the first attempts to translate the Bible, but the task proves formidable beyond anyone's imagination. (\$15.00)

★ The King's Fifth

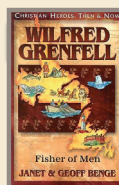

This is the story of conquistadors in the 1540s, who lived for adventure, treasure, and fame. They traveled far and wide to gain riches, giving a fifth of all they found to their king. Esteban de Sandoval, a mapmaker, is to stand trial before the royal audiencia to decide if he is guilty or innocent of withholding the king's fifth he has supposedly hidden. (\$8.99)

This book is also in the Extension Package of *Resurrection to Reformation*.

★ In the Days of Drake

This is the story of a boy who was sold into slavery by his cousin, in a quest to control the family inheritance and lands. When the boy manages to escape prior to reaching his destination in Vera Cruz, he has many thrilling adventures as an English lad in the hostile, Spanish countryside. (\$8.99)

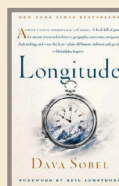

★ Wilfred Grenfell

Adventurous Wilfred Grenfell was no stranger to danger. As a new Christian, this English doctor ministered to fishermen on the deadly North Sea. When he heard about the appalling poverty and injustice across the ocean in Newfoundland, he went to work among the desperately poor fishing communities of the wild, remote Labrador coast. (\$11.99)

★ Florence Young

Once timid and unsure of her own salvation, New Zealander Florence Young rose to her calling and became a faithful witness for Christ. Eventually serving in Australia, the remote Solomon Islands, and in China during the Boxer Rebellion, Florence began her service near home. (\$11.99)

★ Longitude

Unable to measure their longitude, sailors throughout the ages of exploration were literally lost at sea. Thousands of lives and the increasing fortunes of nations hung on the invention of one man... John Harrison... who dared to imagine a clock that would keep precise time at sea! (\$17.00)

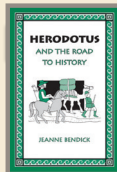

2 Living Library Package

This 17 book/audio set is a "Living Library" selected for its narrative quality and connections to the geography plans. These books are not intended to fulfill your student's high school literature credit, as students read separate higher level literature in the "English" portion of the *World Geography* guide to fulfill that need. Instead, the books in this package were chosen to make geography come to life as students experience various places around the globe. A daily schedule for the books is provided in the guide. This set is highly recommended, unless you need to economize, however it is not required to earn credit in World Geography. Each resource of the Living Library Package is described below, with individual prices listed behind each item. Living Library with Kisses from Katie (girls) **\$211.32** **SAVE \$37.29**
Living Library with Queen Sheba's Ring (boys) **\$206.22** **SAVE \$36.39**

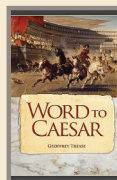

★ The Sign Above the Door

Young Prince Martiesen is ruler of the land of Goshen in Egypt during the plagues. Now Martiesen has been forced by Pharaoh to increase the Hebrews' burden. Martiesen, however, is in love with the Hebrew maiden, Elisheba, whom Egyptian law forbids him to marry. What will he do? (\$14.95)

★ Herodotus and the Road to History

Herodotus takes a ship from Greece and voyages to the limits of his own ancient world. Recording his discoveries as "histories," means today we can still follow his expeditions into the mystery of Syria, Persia, Egypt, and the "barbaric" north. (\$13.95)

★ Word to Caesar

Paul, left an orphan by the uprising of the tribes in Britain, travels across the Roman Empire to seek audience with the new emperor, Hadrian, to help his friend Severus. Along the way he meets up with the villains who are trying to stop him, a famous charioteer who helps him, apathetic solicitors who won't help him, and finally the Emperor. (\$14.95)

★ Big John's Secret

Mystery surrounds the young peasant boy known as Big John. Raised during the strife-filled days of the reign of King John of England, he is left without a clue to his identity. As a page in the 5th Crusade to the Holy Land, John searches for a father he hopes is still living. (\$14.95)

★ A Silk Road Pilgrimage

The Silk Road is a loose network of trade routes from China to Bulgaria. Join the Showalters as they travel this ancient highway and visit with missionaries, church leaders, pastors, and ordinary people of the Church of the East. Gain glimpses of their journey across Asia. (\$13.99)

World Geography Resources

★ Kisses from Katie [for girls]

Katie Davis left for a short mission trip to Uganda and found herself so moved by the people there that she knew her calling was to care for them. Katie is in the process of adopting 13 children in Uganda and has established a ministry, Amazima, that feeds and sends hundreds more to school while teaching them the Word of Christ. (\$16.99)

★ Queen Sheba's Ring [for boys]

This is the tale of 3 Englishmen who traveled to the African interior to help a monarch who claims to be a descendant of the Queen of Sheba. During their epic mission, these men encounter dangerous lions, stores of treasure, treachery, and countless hardships, but they also discover their need for courage, friendship, and providence. (\$10.99)

★ Mystery of the Frozen Lands

In 1845 Sir John Franklin's crew set off into the Arctic to be the first to sail the North West Passage. They were never seen again. Twelve years later 14-year-old Peter Griffin joins the crew of the yacht "Fox" to discover their fate. Finding traces of men who traveled before them, they soon discover the fate suffered by Franklin and his men. (\$12.95)

★ Sir Ernest Shackleton - 3 CD Set [two-sided]

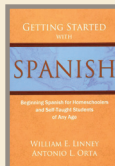

In 1914, Ernest Shackleton set off aboard the "Endurance" for the South Pole. He hoped to cross the Antarctic overland. More than a year later, and still half a continent away, the "Endurance" was trapped in ice and eventually crushed. How Shackleton got all of his men out, without the loss of a single life, is at the heart of this six-part audio drama. (\$18.98)

★ Around the World in Eighty Days

Phileas Fogg is a man of habit, a Victorian gentleman who follows the same routine every day—until one ill-fated evening at the Reform Club; he rashly accepts a wager that he can travel around the entire globe in just eighty days. Thus begins a hair-raising dash across the continents, in which Fogg's obsession with his timetable is confounded by his French manservant's ability of getting into scrapes! (\$8.99)

4 Foreign Language Option

★ Getting Started with Spanish

Adding *Getting Started with Spanish* to the Economy Package adds ½ credit in Spanish to your student's program. To earn ½ credit in Spanish, students may either use the lessons in the book along with the free pronunciation audios on the author's website or practice pronunciation with a teacher with prior Spanish experience. No previous Spanish exposure is necessary for the student prior to beginning this program. This resource is scheduled daily in the *World Geography* guide. Begin learning Spanish gradually yet systematically with this unique method that was designed to help students study Spanish at home. A full answer key is provided within the text. (\$23.50)

5 English Package

High school credit in English is earned through a combination of literature, composition, and grammar. The *World Geography* guide includes a combination of BJU literature and the choice of either a Boy Set or a Girl Set of full-length novels and plays. This balanced combination of BJU literature and real books is rounded out with *Essentials in Writing: Grade 10* and the first half of *Rod and Staff English 7*. Together these resources add 1 full English credit to your student's program. Either order a complete English package (which includes literature, composition, and grammar), or customize by ordering a smaller package or individual items.

★ BJU Fundamentals of Literature

Literature's foundational elements of conflict, character, theme, point of view, structure, and tone are taught in this course. Literary criticism is introduced, encouraging students to read and analyze a variety of literature in light of a Christian worldview. An attractive new student book format accompanied by rich illustrations, author biographies, and application questions that promote critical thinking skills, along with the teacher's edition's discussion questions, answers to questions, and notes for biblical worldview analysis make this text a winner!

Student Text (\$72.50) Teacher's Edition 2 guides with CD (\$90.00)

★ Essentials in Writing - Grade 10

Join Matthew Stephens as he shares the writing process step-by-step in short video lessons that focus on topics such as quality sentence structure, well-developed paragraphs, essay writing, and research papers. Types of essays taught include personal, persuasive, expository, and compare and contrast. A research paper is the last assignment of the year. The Student Text is well-laid out, with a summary of lesson notes, samples of effective/ineffective writing, and rubrics to aid in grading. Student Book (\$34.00)

3 Logic Package

Adding the Logic Package to the Economy Package adds ½ credit of Logic to your student's program. These logic resources are scheduled in the *World Geography* guide. Logic Package (\$77.27) **SAVE \$13.64**

★ The Fallacy Detective

Red Herring, Ad Hominem, Tu Quoque, Straw Man, loaded question, equivocation, circular reasoning, and more... learn to recognize these fallacies you see every day! This book helps you discover the logic that is already written in your mind by God. Become more aware of the logic you've been using all your life, and become a 'fallacy detective!' (\$32.00)

★ Art of Argument

Young teens are targeted by advertisers with a vengeance! From billboards to commercials to a walk down the mall, fallacious arguments are everywhere. This course teaches adolescents how to reason with clarity, relevance, and purpose, as well as how to recognize and identify 28 fallacies. The text comes in a workbook with clear explanations, updated illustrations, and ample examples. Current social, commercial, and political issues are discussed, helping students evaluate arguments, detect fallacies, and reason long after course completion. Student Book (\$28.95) Teacher's Edition (\$29.95)

World Geography Resources

★ Building Securely – English 7

See page 126 of the catalog for a description of English 7. In the *World Geography* guide, *Essentials in Writing: Grade 10* alternates with *English 7* so that students will do *Essentials in Writing* twice weekly and *English 7* twice weekly. Teacher's Manual (\$32.30) Student Text (\$23.95)

Along with *BJU Fundamentals of Literature*, you have a choice of either our Boy Set or Girl Set of books. Both sets are scheduled in the *World Geography* guide. These book sets add a Charlotte Mason flavor to the study of literature with a selection of engaging classic novels to read, narrate, and discuss!

★ Boy Set

Shane

The Starrett family's life forever changes when a man named Shane rides out of the great glowing West and up to their farm. This classic Western is a profoundly moving story of the influence of a singular character on one boy's life. (\$8.99)

Treasure Island

Since its publication in 1883, generations have enjoyed this captivating tale of young Jim Hawkins and Long John Silver, the pirate rogue. This adventure of all adventures and the search for buried treasure embodies the excitement for which every heart yearns. (\$4.95)

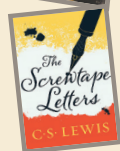

Ragged Dick

Dick Hunter is a fourteen-year-old bootblack in 19th century New York City. This timeless tale follows "Ragged Dick" as he strives to rise to middle class respectability through sharpness, industry, and honesty. (\$5.95)

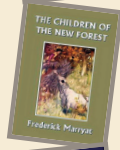

Men of Iron

Set in England in the time of Henry IV, this thrilling story follows young Myles Falworth as he advances to knighthood and engages in "trial by battle" to restore the fallen fortunes of his family. (\$8.99)

Screwtop Letters

Screwtop, an experienced devil, instructs his young charge, Wormwood, on how to secure the eternal demise of a young man who's just become a Christian. At once wildly comic, deadly serious, and strikingly original, this masterpiece of satire is the most engaging account of temptation (and triumph over it) ever written. (\$16.99)

Children of the New Forest

Set in the time of the English Civil War, this tale follows the fortunes of the four Beverley children. Orphaned during the war, they hide from their Roundhead oppressors in the shelter of the New Forest, where they learn to live off the land. (\$14.95)

Captains Courageous

The spoiled son of a millionaire, Harvey Cheyne is used to living a life of luxury. But when an accident at sea brings him to the deck of a Massachusetts fishing boat, he is suddenly thrown into a world he knows nothing about. (\$4.95)

★ Girl Set

A Lantern in Her Hand

First published in 1928, this classic novel tells the story of Abbie Mulder as she accompanies her family to the new frontier of Nebraska. Refusing to be broken by hard experience, Abbie sets a joyful example for her family – and for her readers. (\$7.99)

Persuasion

This classic by Jane Austen tells the story of a second chance, the reawakening of love between Anne Elliot and Captain Frederick Wentworth, whom eight years earlier she had been persuaded not to marry. (\$5.95)

Anne of Avonlea

This sequel to *Anne of Green Gables* follows Anne's endeavors to become a successful teacher, help raise a pair of rambunctious twins, and improve her beloved hometown – with the help of her former enemy, Gilbert Blythe, who's giving her an awful lot of attention. (\$7.99)

The Importance of Being Earnest

Oscar Wilde's wildly entertaining comedy sparkles with dazzling wordplay and hilariously unlikely situations. This "trivial comedy for serious people" features two carefree bachelors, Jack and Algernon, each with a carefully hidden double life. (\$3.00)

Little Women

In Louisa May Alcott's most popular and enduring novel, talented tomboy and author-to-be Jo, tragically frail Beth, beautiful Meg, and romantic, spoiled Amy are united in their devotion to each other while struggling to survive in New England during the Civil War. (\$8.99)

Science Package

Adding the Science Package to the Economy Package adds 1 full credit of science (with or without lab) to your program. The focus of this year of science is *Integrated Physics & Chemistry*. This set is required unless you have your own science. Both Science Packages include 12 text chapters, 12 activity books, an answer key, and a Teacher Resource Kit (on CD). The Science Package with lab includes a lab kit and manual. Labs cannot be completed without the lab kit. All Science Package items are scheduled in the *World Geography* guide, including the labs. Science Package with Lab (\$416.93) **SAVE \$46.33**
Science Package without Lab (\$197.00) **SAVE \$25.77**

★ Integrated Physics & Chemistry [Full Course]

Integrated Physics and Chemistry contains 12 chapters totaling 742 pages of physics and chemistry related topics. There are 180 individual readings in the course, each taking up 4-5 pages. 12 accompanying activity books are scheduled as follow-ups to the readings. These activity books utilize multiple choice, true/false, fill-in-the-blank, vocabulary, and short answer type questions. This course is written by John Hudson Tiner, who has an incredible gift for writing about science in a narrative, living way. (\$227.50)

Note: Replacement [or additional] IPC Activity Books [Set of 12] (\$81.60)

★ MicroPhySci Kit [2nd Edition]

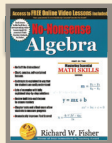

The MicroPhySci Kit includes a 207 page manual with 36 lab experiments. The included manual explains each experiment covering: goals, background, materials and equipment, procedure, and results. The kit contains all needed materials (except for a few common household items) to do each experiment

5 times. Each lab experiment is scheduled in the *World Geography* guide to coordinate with Tiner's *Integrated Chemistry and Physics* text. For a complete listing of the lab experiments see www.heartofdakota.com. (\$235.70) Optional: Additional MicroPhySci Lab Manual (\$26.95)

7 Recommended Math For math, customize with one of the recommended math options for Algebra 1 below, or use your own math curriculum to add one full math credit to your program. Recommended options include a choice of *No-Nonsense Algebra*, *Christian Light Algebra 1*, *MathHelp Algebra 1*, or *Understanding Algebra 1*. These options offer four different paths to Algebra 1 coverage.

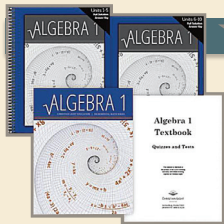

Streamlined Math Option:

★ *No-Nonsense Algebra*

This math program works well for students who have struggled with math in the past and who are likely to find Algebra 1 a challenge. *No-Nonsense Algebra* uses short, concise lessons to explain each topic in Algebra I in a way that is easy to understand. Multiple examples with fully explained step-by-step solutions, reviews built into each of the lessons, and chapter tests help students measure their progress and improve their test scores. Each lesson in the book has a corresponding online video lesson taught by award-winning math teacher and author Richard W. Fisher. (\$39.95)

Textbook Math Option:

★ *Christian Light Algebra 1*

This program is a good choice for those who desire a textbook approach to Algebra and who benefit from clear, systematic examples and line-by-line problem-solving instruction. *Christian Light Algebra 1 Package* includes Textbook, Solution Keys 1-10, and Quizzes and Tests (\$90.58) **SAVE \$4.77**

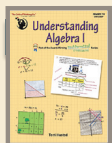

Online Math Option:

★ *MathHelp Algebra 1*

MathHelp Algebra 1 (purchase at www.mathhelp.com) works well for those who desire a solid, video-based Algebra program. It includes clear, systematic video instruction, fully-worked video solutions for assigned problems, and an online gradebook that keeps track of grades.

Critical Thinking Math Option:

★ *Understanding Algebra 1*

This program works well for seventh through ninth grade students who want a visual, critical thinking focused Algebra 1 course. An answer key is included in the back of the book. (\$42.99)

If you would like to know more about any of these resources, you can visit our online store at heartofdakota.com for more in-depth descriptions.

8 Consumables If you have more than one student using this curriculum, you will want to order additional copies of items that are consumable (one-per-student). In our website's online store, we list all the consumable items for each guide, as well as the package where each item is included. In this way, you can decide which consumables to order based on the packages you chose to purchase. See www.heartofdakota.com for consumables.
