

# Little Hearts For His Glory

*A Complete Kindergarten or First Grade Program  
that takes your child on an exciting voyage through time...  
written for 5-7 year olds to explore!*

You only have to watch 5-7 year olds for a moment to see that they are ready to get moving and explore! *Little Hearts for His Glory* channels that energy and puts it to good use as children take an adventuresome trek through time, from Creation to present day. This program will have your child armed and ready to take on the exciting tasks ahead... like launching a lifelong love of reading, embarking on an action-packed journey through history, and exploring this incredible world that God made!

*Little Hearts for His Glory* features 34 dynamic units with complete plans to walk your child through the most foundational essentials of "Learning Through History" and "Learning the Basics". Teaching kindergarten or first grade could not be easier or more enjoyable, and you can rest assured that all the bases are covered with this two-prong approach to teaching!

During the "Learning Through History" part of the program, your child will gain a chronological overview of history from Creation to present day. Bible stories and history stories are integrated, so your child will see God's sovereign hand through time. History will come alive for your children as

they become the "earth" and revolve around the sun, build (and eat) golden calves out of edible playdough, play "King, May I?" with Queen Esther, pan for "gold" in California, pack eggs for a wagon train ride with the pioneers, and do many more rousing activities as they journey through time!

But that's not all! The "Learning Through History" theme helps your child make other awesome connections too! Action rhymes, simple science experiments, and dramatic play scenes all match the history theme and get your

wiggly little ones up and moving. Bible memory work, devotional discussions, and toe-tapping music help your child make creative connections with the history theme too. In fact, after teaching this program, you may even find yourself armed with a new arsenal of Bible verses!

The "Learning the Basics" part of *Little Hearts for His Glory* gets kids energized and ready to take on new learning in language arts and math. This part of the program is known for its flexibility, and puts you in the driver's seat as you choose what levels best fit your children. As your child ventures into phonics, fine motor skills, handwriting, and new

# Little Hearts For His Glory

math skills, nothing could be more important than having choices about what is the best match for your child. No wonder this is a greatly appreciated part of the program!

The Storytime read-alouds are another homeschool family favorite of “Learning the Basics”. For Storytime, you’ll “cuddle-up-and-read” the classic Thornton Burgess series of books. Since the same characters are used in each of the books, your children will eagerly anticipate what might happen next.

They’ll love warning Reddy Fox to watch out for Bowser the Hound, guessing whether Peter Rabbit will really change his name, and using sound effects to act out how Danny Mouse outsmarted Mr. Blacksnake! Discussion questions, story retellings, and simple personal application questions accompany the readings and make Storytime so much more than just a list of books to read aloud!

One other thing your children will love in “Learning the Basics” is the hands-on math activities written in the guide. They’ll count backward by making a row of snacks and saying the number left after eating one snack at a time, sing the “Hokey Pokey” to practice right and left directions, and hunt for shapes in your own kitchen cupboard to trace. Math has never been this easy and fun!

With all of these amazing components, you must be wondering how much time all of this will take? No need to stress out about that. *Little Hearts for His Glory* is written with the hard-working homeschool teacher in mind. Easy daily plans are truly “open-and-go”, and require little or no preparation ahead of time. The simple boxed format of plans allows you to do homeschool in 10 minute increments spread throughout the day, or in one 90 minute sitting all in a row.

The two-page plan for each day lets you see at a glance all that you and your child will be doing, and the convenient packages of resources ensure that you will NOT have to leave the comfort of your home to chase down library books or other learning materials.

## Comments

*Now, check out what other homeschoolers have to say about Little Hearts for His Glory!*

“With complete easy-to-use lesson plans for a year of instruction, *Little Hearts for His Glory* is an attractive early learning program for busy homeschool moms. After you add the required additional resources you will have a complete, economical, Christ-centered kindergarten or first grade program.”

*Anne Wegener - Mary Pride's Practical Homeschooling Magazine*

“I am never concerned if I am covering all the bases because you have already thought it through for me! I think you have done an excellent job and I know this was done with much prayer. Thank you for putting this together! I have been telling everyone about it!! God Bless.”

*Kelly in Holly Springs, NC*

“I like this! Short lessons, gauged to capture a child's interest and to engage the imagination, and yet these short lessons have solid content, building character along with academic skills.”

*Jean Hall - Eclectic Homeschool Magazine*

“I just wanted to share with you how much we are enjoying *Little Hearts for His Glory*! It has added new life into what we do at home, and it is so much fun for my daughter.

A big thank you!”

*Muriel in Jupiter, FL*

“All the members of our family from our 2 year old, kindergartener, and especially mom and dad have all been blessed by your organized, insightful collection of lessons, stories, verses, and activities all working together to help raise my little ones to love the Lord and love learning in the process.”

*Amanda in Sonora, CA*

“I used *Little Hands* and am now using *Little Hearts*. They have made homeschooling fun and almost stress free. My 3 and 5 year old children love it. My children and I are in the Word every day!

THANKS!”

*Jennifer in Shreveport, LA*

# Come and take a glimpse inside the Little Hearts for His Glory Teacher's Guide!

**A** Bible stories and other history stories are read aloud each day to provide a chronological overview of Biblical history to present day. The daily history stories provide the focus for the "Learning Through History" part of the plans.

**B** Hands-on art, dramatic play, thinking games, and science experiments rotate through this box in the plans of each unit. These coordinate with the history stories. A science text connection also reinforces the science activities.

**F** Three days in each unit include an assigned page from a fine motor skills workbook. Handwriting practice is scheduled two days in each unit. A choice of resources is provided.

**G** Short storytime sessions use eight classic, fictional chapter books from Thornton Burgess and Beatrix Potter. Comprehension, critical thinking, moral connection, and personal application questions are included in each unit, along with basic writing and vocabulary practice.

## Learning Through History

**Focus:** The Beginning of History

Unit 1 - Day 1

### Reading About History

Read about history in the following resource:

★ *History for Little Pilgrims* p. 1-3

**Key Idea:** History is the true story about God's plan for our world. It began when God created all things. God is in charge of history. It is "His Story".

### Rhymes in Motion

Do the rhyme "God's Creation" (see Appendix). Focus on the names of the continents and the body movements in the rhyme.

**Key Idea:** Use gross motor skills to leap, gallop, hop, and practice left and right coordination.

### Fine Motor Skills

Choose **one** of the thinking skills options. Guide students to complete the assigned page(s) listed below.

★ *Do It Carefully* p. 2  
★ *Going On Eagerly* p. 2, optional p. 4

**Key Idea:** Use thinking skills and follow directions to color, cut, and paste.

### Phonics Choices

Choose **one** of the phonics options listed below. Guide students to complete the lesson (see Appendix for pacing suggestions).

★ *Reading Made Easy*  
★ *The Reading Lesson*  
★ Your own phonics program

**Key Idea:** Use a step-by-step phonics program to learn to read.

Unit 1 - Day 1

### Science Discovery

Turn off the light. Tell students to be very quiet. Explain that there was only darkness and silence before God created the heavens and the earth. Pretend to be God's voice.

Say, *Let there be light.* Shine a flashlight beam around the room. Then, have students take turns shining the light on different objects. Help students describe the objects with words like numbers, colors, textures, shapes, and sizes. Last, discuss and describe things that are outside in nature or in space.

✓ **Text Connection:** *The World God Made* p. 2

**Key Idea:** God created light and all of the different colors, textures, shapes, and sizes of things that we see. God created all things.

### Bible Study

Matthew 19:14 is the memory verse for this unit. Say the entire verse 3 times while the students listen. Next, say the verse in phrases. Stop after each phrase for the students to repeat it after you. Last, say the whole verse leaving off the last word or two for students to complete. Continue saying the verse, leaving off several more words at the end each time.

✓ **Text Connection:** *Devotions for the Children's Hour* p. 18-21

**Key Idea:** God has no beginning and no end. He has always been alive and always will be alive.

### Corresponding Music

✓ *Hide 'Em in Your Heart Vol. 1*  
CD - Track 1  
Song: "Let the Little Children Come"

### Storytime

Prior to beginning the book, have students look at the cover of the book. Ask students to tell you some of the things they see on the cover. Read the title to the students. Ask students what the title gives about the book. Discuss some possible adventures or problems that Reddy Fox could have. Read the back cover summary to the students. Then, ask students if they can think of any more problems that Reddy might have. Read aloud the assigned chapter in the following book:

★ *The Adventures of Reddy Fox*  
Chapter I: p. 1-4

**Key Idea:** Granny Fox tricked Reddy Fox into running across the bridge. Reddy learned to overcome his fear.

### Math Exploration

Complete the assigned lessons in the workbook listed below. Use blocks, cubes, colored paper squares, or spoons to do the activity on the bottom of p. 1. Omit the "Introduction" on the bottom of p. 2. Use cups to do the activity on the bottom of p. 3. Use blocks, cubes, or colored paper squares to do the activity on the bottom of p. 4.

✓ **Text Connection:** *Essential Math Kindergarten A* p. 1-4

**Key Idea:** Match objects by attributes such as size, shape, and arrangement using terms such as 'identical', 'similar', and 'same' and 'different'.

**C** A new rhyme is introduced each unit. Each rhyme emphasizes one or more gross motor skills, and also reinforces the history theme.

**D** A new memory verse is studied each unit. Each verse has a personal meaning for students and also reinforces God's plan throughout history. A variety of memory activities help students memorize these verses. A weekly devotional also matches the theme.

**E** Musical selections from *Hide 'Em in Your Heart Vol. 1* by Steve Green correspond with the Bible memory verses in this program.

**H** A phonics instruction reminder is listed in the plans daily. While we do carry a wide variety of phonics resources, *Little Hearts for His Glory* was specifically designed to work with any phonics program you choose.

**I** Daily math lessons use concrete objects and hands-on experiences to introduce math concepts through guided play. The workbooks *Essentials Kindergarten Math A/B* provide a text connection for each math lesson. A schedule for *Singapore 1A/1B* is in the Appendix. *Math with Confidence* is also a choice for this guide.
