Your children will remember early American History, from 1565 -1865, as a time full of travels, trials, and triumphs.

Most important of all, your children will recognize God's hand at work in it all, helping ordinary people from humble beginnings become faith-filled leaders, risking everything to build a new nation founded upon God's enduring promise of hope.

Beyond Little Hearts for His Glory show-

cases 34 units with complete plans to help your children master the necessary fundamentals of "Learning Through History" and "Learning the Basics".

Teaching first or second grade could not be simpler or more gratifying, and you can rest more easily knowing that all the bases are covered with this double approach to learning!

During the "Learning Through History" part of the program, your child will gain a chronological overview of early American history from 1565-1865. History will become exciting for your children in a memorable way

as they build clay canoes like the pioneers from France, create a tasty American flag to eat, practice military commands from the Revolutionary War, bake a simple cornbread to serve President Washington, follow a marked trail along the Wilderness Road, and do many more special activities as they celebrate new beginnings with early Americans!

But that's not all... the "Learning Through History" theme helps your child make other important connections too! Timeline activities, classic poems, simple art projects, hands-on

Beyond Little Hearts For His Glory

science experiments, and engaging geography activities all match the history theme and help your children delve into their more creative side. The Bible memory work, narrative devotional, and sing-along music help your child make personal connections with the history theme too. The Visual History Set uses gorgeously illustrated picture books to enhance the history study. Forget about history being something you just read about, *Beyond Little Hearts for His Glory* will have your children “experiencing” it!

The “Learning the Basics” part of *Beyond Little Hearts for His Glory* is best-loved for its flexibility in language arts and math. If you’ve ever dreamed of a program that you could customize to tailor-fit your child’s needs, this is the area you’ll fall in love with! Do you have an emerging reader? An independent reader? An advanced reader? Don’t worry. *Beyond’s*...got you covered.

How about math? Do you need some options there? *Beyond’s*...already planned for that. What about read-alouds? Attracted to the classics, boy interest books, girl interest books, or just wanting to pick your own books? No problem. *Beyond’s*...thought of that too. Having choices for your child in language arts and math is pretty important – so it’s

no surprise this is a highly valued part of the program!

With all of these wonderful components, you must be starting to wonder how much time all of this will take? Well, there’s no need to worry about that – *Beyond Little Hearts for His Glory* is written with the busy homeschool teacher in mind. If you’ve got 2 to 2½ hours a day, you’ve got enough time for this program. There are no “time-wasters” here... so gone are your days of rushing to the grocery store for materials, or racing to the library for books. Convenient packages of resources and the use of only materials you’d typically find at home make this program perfect for HOMEschoolers! Another timesaver is the easy daily plans laid out in a two-page, simple boxed format. This allows you to do school all in one sitting, or divide it by spacing out the 9 boxes of plans throughout the day. If ever there was truly an open-and-go guide, *Beyond Little Hearts for His Glory* is it!

Comments

Now, how about looking over what other homeschoolers are saying about Beyond Little Hearts for His Glory!

“When I opened *Beyond Little Hearts for His Glory*, I was completely thrilled and at ease. It was EXACTLY what I thought it would be, and MORE! Did I mention that my dear husband was absolutely happy to see me all prepared for school tomorrow in less than 5 minutes! He couldn’t believe that I was ready.”

Mindi in Cascade, WI

“We have loved *Beyond Little Hearts for His Glory*. My favorite part is the way history is tied into the other subjects. The Bible verses have been wonderful and are helping my children hide God’s word in their hearts.”

Melissa in Midlothian, TX

“We are now in our second week, and all my children are loving school, and I know that your program has helped me to provide them all the best (with much less prep work on my part, and more time to actually enjoy doing school!). Add my name to the list of very appreciative homeschooling moms who really value the products you’re providing. My children now think school is fun again! Thank you again!”

Angela in Salt Lake City, UT

“Currently we are doing *Beyond Little Hearts for His Glory* and today when my 1st grader was finishing up school I said “We still have history” and pulled out the *American Pioneers and Patriots* book, and he smiled and said “OH, that’s fun”! He loves everything about your program which makes me a pleased parent.”

Penny in Iron Mountain, MI

“I am currently using *Beyond Little Hearts for His Glory*. There are two things I love about it. The lesson plans are easy to follow, and they include all the goals and objectives required by my state that my first grader should know at the end of the school year. I am very pleased with the results I have gotten.

Thank you so much for providing this curriculum for moms like me. It is awesome.”

Learning Through History

Focus: Pioneers from Spain Settle St. Augustine

Unit 1 - Day 1

Reading About History

Read about history in the following resource:

★ *American Pioneers and Patriots* p. 2 and 12

Key Idea: When pioneers from Spain came to settle in Florida, they crossed the ocean in sailing ships. Travel was very different in those days.

Geography

Outline a huge circle on the floor with masking tape. Say, *This circle is Earth. Earth has 7 continents. A continent is a large body of land surrounded by water.* On separate pieces of paper write these continent names: Asia, Africa, Antarctica, North America, South America, Australia, and Europe. Help students tape each continent name on Earth in the correct place. Give students actions to follow using the continent names (i.e. *Hop on one foot from Africa to Asia*). Other actions might be to walk backward, tiptoe, crawl, twirl, stomp, or gallop. Last, have students use p. viii in *American Pioneers and Patriots* as a guide while they scoot on a pillow to show Columbus' route and Magellan's route.

Key Idea: Explorers discovered that the Earth had 7 continents.

Poetry and Rhymes

Read aloud the poem "The Storm" (see Appendix) to the students. Do not share the title. Ask students to suggest some titles for the poem. Share the real title. Read the poem again with the students.

Key Idea: Read and appreciate a variety of classic poetry.

Bible Study

Psalm 4:8 is the memory verse for this unit. Read the verse aloud. *What does it mean to feel peaceful? How can you feel peaceful even when there may be many things that make you worried? Who keeps you safe? How can Psalm 4:8 comfort you? Say the verse together 3 times. Add hand motions to help students remember the words.*

Key Idea: Even though the pioneers had a long, hard trip ahead of them, they knew the Lord was watching over them.

Corresponding Music

✓ *Hide 'Em in Your Heart Volume 2* CD - Track 20
Song: "I Will Lie Down and Sleep"

Learning the Basics

Focus: Language Arts and Math

Unit 1 - Day 1

Language Arts

Choose **either** spelling list 1 **or** 2 (see Appendix for lists). Write each spelling word on a separate index card. Guide students to study each card one at a time, flip it over, write the word from memory on paper, flip the card back over to check the spelling, and erase and correct any mistakes.

Copywork: Have students copy part of the poem "The Storm".

Key Idea: Practice spelling words with the short 'a' sound as in 'hat'.

Storytime

Choose at least one biography to read aloud for the next 20 days of plans (see Appendix for suggested titles). To introduce the genre, *Biography*, hand each student a sack. Give students a limited amount of time to find 5 items to put in their sack that tell something about themselves. Have students share their items and explain their reasons for choosing each item. Say, *A biography is a true story of a person's life written by another person. Just like we learned about you as you shared about yourself, we can learn about others by reading about their lives.* Read a portion of the biography you chose.

Key Idea: Introduce the genre: *Biography*.

ABC Reading Choices

Choose **one** of the reading options listed below (see Appendix for details).

- ★ A phonics program
- ★ *Scheduled Books for Emerging Readers*
- ★ *Drawn into the Heart of Reading Level 2/3*

Key Idea: Use a step-by-step program for reading instruction.

Math Exploration

Make cards with the number words 'one' - 'ten' written on them. Tell students to count silently or in a whisper as you clap your hands up to ten times. Stop clapping and ask students to say the number of times that you clapped. Then, have students hold up the matching number word card.

✓ **Text Connection:** *Primary Mathematics Workbook 1A* p. 7-8

Key Idea: Practice counting the numbers '1' - '10' and matching a number to the corresponding word.

This marks year 3 of HOD for me and my young students. We could not love it more! I enjoy how the teacher guides are laid out and organized, how it's 'open and go', and easy to follow. We especially enjoy science and art, and the geography activities. I save those for the last part of the day, because they are a favorite. Probably the part I most enjoy is how Biblical truths are woven throughout the lessons, poetry, history, and read-alouds.

Thank you for making homeschool a true blessing!
