

Hearts for Him Through Time: Revival to Revolution

A Stirring Sixth or Seventh Grade Program filled with those who took chances, dared to dream, and risked everything to do the impossible...written to revive the hearts and awaken the minds of 11-13 year olds everywhere!

(Extension Package available for eighth and ninth graders)

Revivals...Rebellions...Revolutions...Danger and excitement lurks around every corner as tyranny and anarchy collide in this dramatic transformation of the minds, music, hearts, and ideals of nations worldwide. A 10 year old orphaned organ player becomes an accomplished composer, an 8 year old slave girl becomes a revered and published poet, an African slave boy becomes a celebrated writer that buys back his freedom, a 19 year old French nobleman becomes a military champion of the Continental army, and a homeschooled girl becomes the "Lady with the Lamp" that nurses back soldiers. Never has there been such a time of contrasts and conquests, of feats and failures, of friends and foes. Prepare to immerse yourself in the incredible inventions, industry, and independence of some of the best idealists of the past; and stand amazed at the miracles, marvels, and missions of early Modern history!

Revival to Revolution has 35 engaging units with complete plans organized in two sections entitled "Learning Through History" and "Learning the Basics". This dual approach to learning lets you stop stressing about lesson planning, and start celebrating teaching, knowing you have all your bases covered.

The "Learning Through History" part of the program sets you off on an adventure of a chronological and narrative overview of history from *Revival to Revolution*. Don

your powdered wig and listen to composers' masterpieces. Slip in your wooden teeth and help Washington lead the American Revolution. Grab the key to the Bastille with Lafayette, and send it on to Washington. Wear a 3-foot wig with Marie Antoinette, and slip into red heels with King Louis XVI for the French Revolution. Put on a bicorne hat and mount your horse Marengo, as you gallop through the Napoleonic Wars and discover the Rosetta Stone. Grab your dog Seaman and hop in a canoe with Lewis and Clark to explore the territory of the Louisiana Purchase. Wear a silver crown of diamonds with Queen Victoria and rule over Great Britain and Ireland. Don your stovepipe hat with Lincoln as you lead the Civil War, preserve the Union, and abolish slavery, and finally hop in your black Model T Ford hot off the assembly line, as you race your way into the 20th Century!

History comes alive as your children enjoy building, baking, painting, reenacting, and designing creative history projects that link to each week's readings and theme. Corresponding research entries on the signers of the Declaration, history readings, primary source documents, oral narrations,

Hearts for Him Through Time: Revival to Revolution

period artwork, history read-alouds, globe connections, audio history stories, poetry of historical events and people, timeline sketches, copywork, full-color mapping, *Draw and Write Through History* sketches, and a Christian state study delve deeply into the history theme and teach necessary skills that promote higher level learning. Full-color *Student Notebook* pages provide the place for entering and placing work, and the result is a beautiful history notebook that is sure to be a prized reminder of *Revival to Revolution*!

The "Learning the Basics" part of *Revival to Revolution* teaches essential skills that meet academic and spiritual needs. Enjoy our composer study pairing *The Story of Classical Music* audio CD with the *Composers Hands-on Activity Pak*. Inspire your children with *The Exciting World of Creative Writing*, while still laying a solid foundation in grammar with *Rod and Staff English*. Balance language arts instruction with Charlotte Mason methods of dictation, copywork, and narrations. Add to this our award-winning reading program *Drawn Into the Heart of Reading*, and you have the components for a successful year in language arts! Plans for different levels of these language arts components, as well as plans for different levels of math, let you enjoy tailoring *Revival to Revolution* to custom fit your children's needs!

And, that's not all! "Learning the Basics" uses Charlotte Mason methods to revitalize science! Incredible living books like *The Story of Inventions*, *Michael Faraday*, *Four American Inventors*, *Henry Ford*, *Always Inventing*, and *The Wright Brothers* are

paired with *Exploration Education* to make this year of physical science memorable! Children learn to think like inventors first by "meeting" inventors in living books, and second by becoming inventors themselves as they build an electric racer, a solar fan, a rocket, and more! Experiments use lab sheets with the scientific process, while notebooking entries about the inventors and written narrations encourage children to apply what they've learned. Enjoy the balance of living books, hands-on experiments, and scientific methods, while still meeting National Science Education Standards!

Minister to the hearts of your children by teaching them to view the world through a Biblical lens with *Who Is God?* This Bible study gives you the tools to teach your children a Christian worldview and pairs beautifully with *Heroes of the Faith: The Hidden Treasures of Hebrews*. This partnership of a parent-led Biblical worldview study with a student-led Bible quiet time works together with Scripture memorization of Hebrews 11:1-12:3 to help children draw nearer to the Lord each day through time spent in His word!

Finally, *Revival to Revolution* helps you plan for the unexpected by keeping school to about 4 1/2 hours each day, just 4 days a week! So, you can either use the fifth day of the week to explore other interests, or stretch the 4-day plan into 5 days. Convenient packages of resources and the use of materials you'd find at home make this program ideal for homeschooling. Simple daily plans organized in a two-page, boxed format let you see at a glance what is done each day and show whether plans are "teacher-directed", "semi-independent", or "independent". This allows for school to be done all in one sitting or throughout the day. Why not let *Revival to Revolution* fill your homeschooling days with joy and success?

Comments

So, what do homeschoolers just like you have to say about Revival to Revolution?

"We are a joyous family of eleven whom have used HOD in our home school for 7 years. Our two older boys, ages 13 and 14, are journeying through *Revival to Revolution*, and LOVE, LOVE, LOVE their school days. From the amazing and carefully selected history readings, mapping assignments, speeches/poems studied, narrations written, state studies investigated, advanced level physical science projects and labs completed, *Drawn into the Heart of Reading* selections delved into, thoughtfully chosen storytime/extensions readings, Biblical worldview discussions, to Bible quiet time blessings, etc...we are thankful beyond measure for this special program. We are also immensely grateful for how beautifully HOD progresses children into independent work, yet still allows for plenty of quality interaction and discussion time with the parent."

Todd and Marianne in Longmont, Colorado

"*Revival to Revolution* has given our twins such a great year of learning. The rich independent readings, beautiful notebook pages, and super-fun hands-on activities have kept them engaged all year. And what a breeze for mom! While I'm working with my youngers, I'll see them buried in a book, happily making concoctions in the kitchen, doing beautiful paintings, or assembling a science experiment, all on their own! And our together time studying Biblical worldview is priceless. I can't recommend this program more highly."

Janet in Beverly, Massachusetts

"My seventh grade daughter started with *Revival to Revolution*, and it was challenging. But as time progressed and the rhythm became solidified, what I saw in my children was beyond what I had expected. My kids began to work independently--voluntarily! They became studious. Their written and oral narration skills flourished. They loved all the read alouds and begged for just one more chapter, mom, every day. They even enjoyed

the science, and my kids do not appreciate science one bit. I am confident after this one year that Heart of Dakota will help my children grow as independent learners and prepare them for the challenges of high school and college."

Holly in Saint Michael, Minnesota

"What I appreciate most about *Revival to Revolution* is the amazing books included. My son has learned and retained so much knowledge of this time period that several people have asked me what I was using. I love the way the curriculum ALWAYS leads the student to God's word, teaching him/her eternal truths. As a pastor's wife with 4 boys, time is of the essence and the independence *Revival to Revolution* has produced in my son is such a blessing. My heart is grateful to the Lord for supplying such an incredible guide."

Adrienne in Snellville, Georgia

"We LOVE *Revival to Revolution*! Every year it seems the Heart of Dakota guides get better. The connections my son is making in history, because of the chosen resources and the way they are scheduled, are amazing! Science is definitely a favorite with my son this year. My favorite part of the program is the worldview study. We've had lots of great discussions. Overall, we are very happy with *Revival to Revolution*."

Allison in Texas

"We wish we would have found Heart of Dakota earlier! My 9th grade son and 8th grade daughter have had the best year doing *Revival to Revolution* with extensions! My son, who was NOT a reader prior to this school year, has devoured EVERY book! I even catch him reading ahead! Thanks so much for a great, well-rounded program that lays a wonderful foundation in early American History. The *Exploration Education Physical Science* is a huge hit as well!"

Sarah in Washington, Missouri

Learning through History

Focus: The Awakening Church and Life in the Thirteen Colonies

Unit 1 - Day 4

Reading about History I

Read about history in the following resource:

★ *George Washington's World* p. 18-22
After today's reading, open your *Student Notebook* to Unit 1. Under the painting in Box 5, write "Penn's Treaty with the Indians" by Benjamin West. Briefly think about these questions: *Who is shown in the painting? What is taking place? Approximately when and where did this event take place? Why is this happening? How are the people in the painting reacting? What happened after the event?*

Key Idea: As Abigail Adams was a young girl in Weymouth, and Pontiac was a young boy near Detroit, Benjamin West was a young Quaker boy in Pennsylvania, near Philadelphia. When West grew older, he painted William Penn's meeting with the Indians at the time of the founding of Pennsylvania.

Storytime T/I

Read the following assigned pages:

★ *Amos Fortune: Free Man* p. 53-65
After the assigned reading, think about these questions: *Can you elaborate on the reason that Amos was bothered by his reflection in the mirror? (synthesis) Can you assess the value or importance of being free? (evaluation)* Be prepared to share your answers if asked.

Key Idea: Ponder the reading using higher-level thinking questions as a prompt.

Bible Quiet Time I

Bible Study: Read and complete the assigned pages in the following resource:

★ *Hidden Treasures in Hebrews: Layer Two* p. 11-12 (numbers 1-2 only)

Prayer Focus: Pray a prayer of adoration, confession, thanksgiving, and supplication. To guide you as you pray, refer to the copy of "Possible Prayer Starters" that is inside your Bible from Day 1.

Scripture Memory: Recite Hebrews 11:1-2 from memory.

Key Idea: Introduce the study of Hebrews.

Music Appreciation T

Listen to the assigned tracks in the resource listed below.

★ *The Story of Classical Music* CD 1: Tracks 1-3

After listening to Tracks 1-3, get the bag containing the "Periods of Music" project that you assembled on Day 2. In the "Periods of Music" booklet, read the introduction and the section about the Middle Ages. Finish coloring your booklet if needed. Then, place the "Periods of Music" project back in its bag and save it for future use.

Key Idea: The Medieval Period of music began around the year 600 with music in churches. It lasted until the Renaissance Period began.

Worthy Words I

A primary source is something that originates in the historical time period being studied. Letters, journal entries, and the text of speeches written during the time period are primary sources. Open your *Student Notebook* to Unit 1 - Box 9. Read Pontiac's speech. This speech of Pontiac's has been handed down through oral tradition. After reading the speech, ask yourself the following questions:

Who is Pontiac addressing in the speech? What likely led up to this speech? What is the tone of the speech? Explain Pontiac's purpose for giving the speech. What is he hoping to gain? Pontiac ends his speech explaining how to be happy. Without knowledge of Jesus can anyone truly be happy? In future readings, watch what happens to Pontiac and the Ottawa.

Key Idea: Pontiac grew up to be a persuasive Ottawa speaker and leader. He tried to stop the English from settling by the Great Lakes.

Language Arts S

Have students complete one studied dictation exercise (see Appendix for directions and passages).

Help students complete one lesson from the following reading program:

★ *Drawn into the Heart of Reading*

Help students complete **one** English lesson:

★ *Following the Plan:* Lesson 4

★ *Progressing With Courage:* Lesson 2 (last half only)

★ Your own grammar program

Key Idea: Apply language arts skills.

Math Exploration S

Choose **one** of the math options listed below (see Appendix for details).

★ *Singapore Primary Mathematics 5A/5B, 6A/6B, or Principles of Mathematics*

★ Your own math program

Key Idea: Use a step-by-step math program.

Inventor Study I

★ Read *The Story of Inventions* p. 19 - top of p. 26. Open your *Inventor Student Notebook* to the page on Michael Faraday. In Box 3, write a written narration about the pages you read today. Use questions 1-6 on p. 32 of *The Story of Inventions* to guide you as you write your narration.

Key Idea: While Watt was working on his steam engine, other men were studying electricity. They found that to use electricity, a power source, a dynamo was needed to produce electricity, and a motor was needed to change electricity to power.

History Project S

Get the long red strip of paper you made on Day 2 and the nine feathers you made on Day 3. Lay the red band, design facing up, on a flat surface. Stick the feathers colored side facing up, behind the headband, taking time to arrange the feathers so that they overlap. Taller feathers may be placed behind shorter feathers. Use clear tape to attach each feather securely to the undecorated side of the red strip. Then, join the two ends of the red strip together and tape them to form a circular headband. Place the headband on your head.

Key Idea: Pontiac lived near Fort Detroit with the Ottawa, an Eastern Woodland tribe.

State Study I

★ Read p. 43 of *Fifty States Under God*. Then, add a fact from p. 2 about Pennsylvania to the bottom of p. 43. Complete p. 44.

Key Idea: Pennsylvania was the 2nd state.

Independent History Study I

Open your *Student Notebook* to Unit 1. In Box 8, copy the following quote: *A painter is a companion of kings and emperors.* - Benjamin West

Key Idea: Benjamin West was a Quaker from Pennsylvania who became a famous painter.

Science Exploration I

Extension plans for *Advanced Version* only:

★ Today, on Day 4, complete the *Exploration Education* lesson for Chapter 1.4. On Day 5, complete the lesson for Chapter 1.5.

Key Idea: Experiment with direction, magnitude, and cumulative effect and build a glider wing.

A Exciting stories of people, events, and ideas provide a narrative overview of history from the time period of the Revivals to the Industrial Revolutions. Independent follow-up assignments include map connections through the *United States History Atlas*, written narrations, detailed and summary oral narrations, and historical artwork.

B Three days in each unit schedule an interesting, hands-on project that brings the historical time period to life. These projects are scheduled to be completed a little at a time over three days.

C A Christian study of all fifty states, in the order of statehood, is scheduled three days in each unit. A state time line summary and a progressive map study are included to summarize the building of our nation, the United States.

D Engaging history read-alouds make text connections with the history themes of *Revival to Revolution*. Follow-up questions emphasize higher-level thinking to guide students to analyze, synthesize, narrate, and evaluate what was read.

E Timeline entries, mapwork through *Map Trek*, classic poetry about historical events and people, and study of primary source documents rotate through this part of the plans in each unit. These activities coordinate with the history stories.

F Additional resources that coordinate with the historical time period are included in the "Independent History Study" part of the plans. These include research on the signers of the Declaration of Independence, guided drawing lessons, audio presentations, copywork of verses and quotes, notebook entries, and black and white historical pictures for students to color.

G Daily, students will use the Bible to complete an inductive study of the men and women of faith listed in Hebrews 11:1 - 12:3. By year-end, students will memorize all of Hebrews 11:1 - 12:3, copy it, and form the habit of prayer within a daily quiet time.

H Grammar lessons are planned daily with a choice of *Rod and Staff English 5* or the first half of *English 6*. Three days in each unit also include studied dictation to practice spelling skills and *Drawn into the Heart of Reading* to focus on in-depth literature study. Lessons from *The Exciting World of Creative Writing* are also scheduled in each unit.

I *Education Exploration's Curriculum* meets National Science Education Standards with its thorough textual material, hands-on experiments, and real-life projects in the area of physical science. Three days in each unit are devoted to the Standard Level study. Two additional days in each unit are scheduled for the Advanced Study.

J A Biblical worldview study using *Who is God?*, and a music appreciation study using *The Story of Classical Music*, along with the *Hands-on Composer Activity Pak*, alternate in this daily meeting time led by the parent.

K Daily math lessons are scheduled in the Appendix for *Singapore 6A/6B* and *Principles of Math: Book 1*. *Mastering Essential Math Skills* and *Understanding Pre-Algebra* are also options.

L The study of inventors focuses on fascinating, true-life stories of those who used physical science principles to pave the way for growth in power, manufacturing, production, communication, and transportation. Oral narrations, written narrations, notebook entries, and timeline entries help students think deeply about the readings.

★ *Revival to Revolution* Teacher's Guide

This treasure of a guide has 35 weeks of "open and go" 4-day plans. Each day of plans is shown on a 2-page spread. This balanced guide can be used for one complete year of 6th or 7th grade sessions, and includes extensions for older students. *Revival to Revolution* is written with the busy homeschool teacher in mind, so each day of plans takes only about 4 ½ hours, and "boxes" of plans can be spaced as desired throughout the day. Guides just don't come as easy-to-use as *Revival to Revolution*! (\$119.95)

★ *George Washington's World*

This satisfying slice of history gives a layered look at life during the time of *George Washington's World*. Through short stories of American Benjamin Franklin, French Louis XV, English George II, Spanish Junipero Serra, and many other notable figures and events, Foster travels the world and covers the periods of Washington's life in an engaging, narrative style that does justice not only to the man it celebrates, but also to the slice of history it depicts. (\$21.95)

★ *The Story of Napoleon*

This thrilling account of Napoleon's rise to power starts with his humble beginnings in Corsica, races to his position as emperor over Europe, marches through his victorious battles, trudges through his exile to Elba, treks to his campaign in Russia, staggers through his loss at Waterloo, and ends with his days in exile. Never has Napoleon come to life so succinctly – be sure to use Yesterday's Classics version, as it is timeless and matches our guide! (\$9.95)

★ *Hearts and Hands* (Discontinued)

Be inspired by heroes such as John Wesley, Jonathan Edwards, Elizabeth Fry, Sojourner Truth, William Wilberforce, and many others. See how God used strong hearts and tender hands to offer mercy to the world. Rejoice as communities of believers are built in China, India, and Africa. Two chapters are omitted for content. **Note:** this book has been discontinued by the publisher. Until our guide has been updated with a book to replace this one, you can purchase an ebook version at christianbook.com.

★ *Thomas Jefferson's America* CD

Master storyteller Jim Weiss shares 11 compelling stories of Thomas Jefferson's life, artfully weaving in the politics and personalities of Patrick Henry, Benjamin Franklin, John Adams, Lafayette, Alexander Hamilton, Aaron Burr, George Washington, James Monroe, and Lewis and Clark. True stories of war and peace, loyalty and betrayal, battles against empires, and struggles against slavery make this best suited for middle and secondary students. (\$14.95)

★ *Abraham Lincoln and the Heart of America* CD

Award winning storyteller Jim Weiss shares the laughter, tragedy, and astonishing triumphs of our sixteenth president. Listen to heartwarming stories, laugh at Lincoln's wit, tackle ethical issues, fight military battles, hear the complete Gettysburg Address, and above all remember why Lincoln holds a special place in our history and our hearts. (\$14.95)

★ *The Story of the Great Republic*

Great men and civilizations abound in this time-honored book that paints a poignant picture of America. The Articles of Confederation, the Constitutional Convention, Presidential administrations, land exploration, westward expansion, the War of 1812, the Mexican War, the Civil War, the Spanish-American War, and the rise and influence of American ingenuity, technology, and society are just some of the fascinating happenings described in this book. (\$30.95)

★ *The Growth of the British Empire*

Celebrated author M.B. Syngé brings scenes to life with her talent for unfolding a slice of history one layer at a time. True stories of statesmen, military commanders, explorers, scientists, artists, authors, and religious figures parallel all of the major events in Western civilization, after the fall of Napoleon's Empire to the end of the 19th century. (\$13.95)

★ *Who Is God? And Can I Really Know Him?*

In a world of competing views, ideas about truth, morality, beauty, identity, and faith can become clouded. Learning to use Scripture as the lens through which to view the world helps children see everything as God sees it. In this series, Apologia and Summit Ministries have partnered to create an amazing way to teach the essential beliefs of the Christian faith. Share God's attributes, His provision, His design for Creation, the Fall, and His plan for salvation. (\$47.00)

★ *What in the World? Vol. 3*

Let the capable Diana Waring be your tour guide as she uncovers secrets and shares little known details about charismatic leaders, scientific advancements, religious freedom, racial reconciliation, revolutions, warfare, and tyranny. This 4-CD set beautifully integrates Biblical history and secular history. **Note:** The tracks not used in *Revival to Revolution* will be used in the guide to follow. (\$21.97)

Revival to Revolution Resources

★ Draw and Write Through History – Napoleon to Lady Liberty

Draw and write your way through history as you learn about Sacagawea, Fulton's steamboat, the Alamo, stagecoaches, log cabins, steam engine trains, Queen Victoria, the Statue of Liberty, and more. Full-color drawings are shown with step-by-step illustrations, and cursive handwriting passages are provided for copywork. These works of art will be placed in our *Revival to Revolution Student Notebook*. (\$12.95)

★ Map Trek (customized printable CD)

This comprehensive collection of maps was customized by the publisher for Heart of Dakota. It comes complete with full-color maps for teachers, blank outline maps for students, instructions for use of maps, and a glossary of terms. The *Revival to Revolution Teacher's Guide* schedules the mapping exercises to match the history readings and tells your student when to use each one. Mapping has never been more meaningful or interesting! (\$19.95)

★ United States History Atlas

This invaluable collection of attractive, full-color historical maps is designed to be easy-to-read, informative, detailed and accurate. These carefully selected maps provide coverage of the United States during the historical time periods studied in *Revival to Revolution*. (\$14.95)

★ Revival to Revolution Student Notebook

Create a special portfolio as a beautiful keepsake of what you learned in *Revival to Revolution*. This full-color notebook was specially designed for *Revival to Revolution*. Students do much of their writing, coloring, labeling, and drawing work right within these Student Notebook Pages. These pages are also filled with period artwork, historical pictures, biographical data, project helps, and original speeches and letters that are all referenced in the plans. Pages come 3-hole punched on heavy paper for easy insertion into a binder. A full-color cover is included to place in a clear sleeve in the front of your binder. Directions in the *Revival to Revolution* guide tell where to place assignments on the pages. (\$49.95) [Each student will need his/her own set of Student Notebook Pages.] [Additional sets may be purchased from Heart of Dakota.]

SAMPLE PAGES p.102

★ Heroes of Faith – The Hidden Treasures in Hebrews

This inductive Bible study helps students become archeologists that sift and sort through the lives of the heroes listed in the book of Hebrews to come away with truths that will help them the rest of their lives. Within each lesson there are layers of "digging," and the deeper one goes, the more there is to be found. Lessons on the ten heroes of faith in Hebrews 11:1-12:3 include examining the lives of Abel, Enoch, Noah, Abraham, Sarah, Joseph, Moses, Rahab, David, and Jesus.

These lessons develop Godly character and invite students to learn the lifelong habit of digging into Scriptures for God's truth. One copy per student. (\$21.99)

★ The Story of Classical Music (4 CD Set)

As a well-respected conductor with a passion for music and history, Alsop is the perfect tour guide for this musical march through time. Blending a timeline of music and history, more than 90 colorful composers are spotlighted, along with facts about the Magna Carta, the bubonic plague, and the industrial revolution. Each era of history and composer's bio is paired with famous snippets of music – 150 in all – performed by world-class musicians. A fourth CD contains quizzes, sheet music, photos, and ancillary articles. (\$22.98)

★ Composers Hands-on Activity Pak (printable CD)

Create a timeline of composers, construct a book of musical eras, make a keyboard of musical terms, match composer cards with their works, and more. This CD has vividly detailed printable pages for all of its projects. Direction pages give clear printing and assembly instructions. As a bonus, enjoy listening to 29 pieces and movements of music as you make projects to go with it! Music is in MP3 format, and free MP3 players are available on the Internet. (\$19.95)

★ Fifty States Under God

Celebrate the building of our nation state by state within this keepsake book! Discover what makes each state unique through fun facts, quirky trivia, nicknames, mottos, symbols, historical sites, flags and seals, capitols, maps, and more. Enjoy reading states' notable historical events, which are always fascinating, and often from a spiritual perspective. All information needed to fill the provided pages, including mini-colored pictures of symbols, is provided! One copy per student. (\$40.95)

★ The Signers

Why would 56 men choose to risk their lives and commit treason against the English by signing the Declaration of Independence? This superbly written book has you traveling from state to state to meet these extraordinary men and discover what they were like, what they did with their lives, and why they gave up so much to sign the Declaration. It is highly recommended for use as the resource for the weekly research assignments about the signers in *Revival to Revolution's* plans. If you do not use this book, another resource will need to be used in its place. (\$29.95)

2 Science Package

This living book approach focuses on physical science, with an emphasis on inventors. It is considered necessary unless you have your own science. Choose Option 1 or Option 2. Both options include the 6 living books and the *Inventor Student Notebook Pages* listed below, however Option 1 contains a Standard Curriculum Kit, and Option 2 contains an Advanced Curriculum Kit. For students ages 11-13, choose Option 1. The Standard Curriculum Kit includes one intermediate logbook. Add an extra intermediate logbook for each additional student aged 11-13. For students in 8th grade on up, choose Option 2. The Advanced Curriculum Kit contains one advanced logbook. Add an extra advanced logbook for each additional student in 8th grade on up. If you have students in both age ranges, choose Option 2 and add an intermediate logbook for each younger student, so both age ranges can use the program together.

Science Package Option 1 **(\$193.87) SAVE \$26.44**

Science Package Option 2 **(\$211.47) SAVE \$28.84**

★ The Story of Inventions

Power, manufacturing and production, communications, and transportation... more strides were made in these areas from the 15th to 20th centuries than ever before! Awaken the innovative thinking side of your children with this narrative book. Be inspired by fascinating true-life stories of inventors, and discover how their inventions managed to pave the way for the incredible growth of our modern world. (\$14.50)

★ Michael Faraday

This famous God-fearing scientist grew from a barely educated, speech impaired young boy to a famous inventor of the electric motor, transformer, and generator. Eloquently written, this riveting biography is sure to inspire! (\$11.99)

★ Four American Inventors

Robert Fulton, Eli Whitney, Samuel Morse, Thomas Edison – every line, every paragraph, every page of this book offers stirring words and inspirational narratives describing these amazing inventors! Published by Yesterday's Classics for us at our special request, this book is one not to miss! (\$13.95)

Revival to Revolution Resources

Henry Ford – Young Man with Ideas

Mass production, assembly lines, Ford automobiles – it's difficult to imagine a world without them, but before Henry Ford, these things were nonexistent. See how this amazing automotive industrialist helped shape a nation! (\$6.99)

Always Inventing – A Photobiography of Alexander Graham Bell

A passion for the deaf and for teaching, Bell began inventing at 11 years of age right up until his death in 1923. Tirelessly toiling to make life better for everyone, photographs capture the real love Bell had for his work and for people. (\$7.99)

The Wright Brothers

Kitty Hawk was a nightmare. Wilbur nearly drowned. After they'd flown, they were not believed – yet through it all they worked on Christian principles, and in the end, the Wright brothers provided mankind with wings. Research and interviews make this account especially narrative. (\$10.99)

Inventor Student Notebook

Full-color pages specially made to accompany the "Inventor Study" in *Revival to Revolution*. They come 3-hole punched on heavy paper for easy insertion into a binder. The pages include places to record written narrations, a timeline to update in each unit, and pictures of the main inventors and some of their inventions. These notebook pages will help students think deeply about the lives of inventors who used physical science principles to pave the way for growth in power, manufacturing, production, communication, and transportation. (\$14.95) [Note: Each student is required to have his/her own set of *Inventor Student Notebook* pages to complete the study.] [SAMPLE PAGES p.102](#)

The Exciting World of Creative Writing

Author Ruth McDaniel is an excellent creative writer with a passion to help others use God's gift of language. With inspiring and instructive examples, Ruth gives solid advice about how to write with the greatest effectiveness. Practical lessons on writing tools, poetry styles, dialogue, outlining a story, rewriting and proofreading, manuscript preparation, copyrights, how to get published, and more, help children on their way to becoming truly creative writers! One copy per student. (\$12.85)

English 5 OR English 6

The *Revival to Revolution* teacher's guide includes two program choices for grammar and writing: *Following the Plan: English 5 OR Progressing with Courage: English 6*. Both texts are scheduled in our guide daily, giving you a choice for your 6th or 7th graders to do all of English 5 or half of English 6. The following year students will complete either half of English 6 or all of English 6. *Following the Plan English 5* (\$22.20), *Teacher's Manual: English 5* (\$29.95) *Progressing with Courage English 6* (\$23.20), *Teacher's Manual: English 6* (\$32.95)

Note: Since Rod and Staff English is more advanced than many English programs, we recommend placing children in a level younger than their grade (unless they've previously used an advanced program). We recommend students complete English 6 by the end of grade 8 in preparation for high school language arts.
