(Extension Package available for seventh and eighth grade children)

Don your finest theater clothes, and bring your handiest binoculars, for you have just won a reserved seat with the best view possible of the renowned Resurrection to Reformation time period! From sacrifice to chivalry, from persecution to peace, and from moral decay to enlightenment, the rise and fall of the people, events, and nations of *Resurrection to Reformation* will have you glued to your seat from start to finish. Applaud for Apostle Paul as he spreads the Good News of Jesus Christ, show your appreciation for Augustine as he toils tirelessly to build the early church, breathe a sigh of relief as the dreaded Attila the Hun and the Dark Ages come to a much awaited end, cheer for Charlemagne as he conquers both by sword and by cross, hold your breath in awe as you watch da Vinci paint 'The Last Supper', rise in a standing ovation as John Wycliffe finally completes his translation of the Bible, and be inspired by Galileo and Columbus to exit your theater seat and go explore the world!

The "Learning Through History" part of the program sets the stage for a chronological and narrative overview of history from Resurrection to Reformation. Children will learn of the Good News after Christ's Resurrection, the struggles and growth of the developing church, and the transformation of the world from the Dark Ages, through the Middle Ages, to the Renaissance. Next, children will learn of the upheaval and redesign of the church in the Reformation, and the global mapping of the world as it was discovered in the Age of Exploration. History will come alive as your children enjoy constructing, baking, painting, dramatizing, and building creative history projects that link to each week's readings and theme.

Corresponding *Who's Who?* entries of famous men and women, *Draw and Write Through History* sketches and copywork, artist overview pages with miniature reproductions of paintings, copywork of quotes and Scripture, full-color postcard entries of places researched, oral narrations, full-color mapping, timeline entries, written narrations, corresponding history read-alouds, hands-on history projects, and the option of a Shakespeare study with coloring pages, delve deeply into the history theme and teach necessary skills as well. The result will be a beautiful full-color history notebook that is sure to be the star of the show and a cherished reminder of children's time spent in *Resurrection to Reformation*!

Resurrection to Reformation has 35 exciting units with complete plans structured in two simple sections called "Learning Through History" and "Learning the Basics". This dual approach to learning lets you relax and enjoy teaching your children, with a feeling of satisfaction that all of your "bases are covered".

Hearts for Him Through Time: Resurrection to Reformation

The “Learning the Basics” part of *Resurrection to Reformation* moves center stage to teach essential skills. A poetry study of Emily Dickinson has children practicing their lines to study, recite, and share poems. Lessons from *Writing and Rhetoric* transform children into knights and damsels as they write their way through medieval times, while *Looking at Pictures* creates a beautiful backdrop scenery to study more than 150 full-color famous paintings. Charlotte Mason style dictation passages, grammar lessons, and literature studies using *Drawn into the Heart of Reading* help you cast your children in the best role possible by offering several levels of difficulty, along with math, which offers 2 levels of difficulty.

And, that’s not all! “Learning the Basics” also sets the stage for an intriguing year of earth science with living books like *Exploring Creation with Astronomy*, *A Child’s Geography Vol. 1: Explore His Earth*, *Exploring Planet Earth*, *Along Came Galileo*, and *Isaac Newton*. Shout “Action!” and have your children play the role of scientist as they perform crowd-pleasing experiments, dialogue through oral narrations, give cues of what they know through written narrations, and create notebooking entries that steal the show. Now, who wouldn’t love science taught like this!?

Finally, “Learning the Basics” will have your children searching for *Hidden Treasure in Philippians* through an inductive Bible study. Songs from *The Bible Study in Stereo: Philippians I* will have your children “running through their lines” to rehearse Philippians I. Last, you become the producer and help your children play the part God intended for them as leading man or lady by studying either *Boyhood and Beyond* and *From Boy to Man*, or *Beautiful Girlhood* and *From Girl to Woman*, as well as *What Is God’s Design for My Body?*.

And, here’s the grand finale that deserves a round of applause: *Resurrection to Reformation* takes about 4 to 4½ hours each day to do and has plans for just 4 days a week! So, you can either use the fifth day of the week to explore other interests, or stretch the 4-day plan into 5 days. Convenient packages of resources and the use of only materials you’d find at home make this program ideal for homeschooling. Simple daily plans organized in a two-page, boxed format let you see at a glance what you’ll be doing each day and indicate whether plans are “teacher-directed”, “semi-independent”, or “independent”. This makes it so easy to do school either all in one sitting or divided throughout the day, that the *Resurrection to Reformation* guide is sure to have you on your feet cheering for an encore!

Zarina (student using *Resurrection to Reformation*) in Georgia

"Heart of Dakota has been such a blessing to my family. Last year was my first year homeschooling, and Heart of Dakota made it so easy and enjoyable. This year we are using *Resurrection to Reformation*, and I have enjoyed watching my daughter learn so much and become more independent in her studies. Thank you for such a wonderful and God-honoring curriculum!"

Mindy in Shreveport, Louisiana

"Our family started Heart of Dakota with *Creation to Christ*. *Resurrection to Reformation* has been an amazing continuation of understanding God's hand in history! Exploring the Middle Ages and the Reformation has given our whole family a greater understanding of the world we are living in right now. The beautiful notebook pages have helped us record what we are learning, giving us something to review when dad gets home. The books, the maps, and the history projects make our day fun and interesting! *Resurrection to Reformation* has brought to life a time period that has, up until now, been a mystery to me! I am learning as much as the kids, which makes our family so much closer.

Thank you Heart of Dakota!"

Anne in Lindale, Texas

"*Resurrection to Reformation* is awesome! The books and projects are every bit as wonderful as those within the younger Heart of Dakota guides. Independence is one of the many skills that is taught through this guide. Because of this new found independence, I love watching my daughter get excited about what she is learning. She is always anxious and ready to share all of the amazing facts she has learned through *Resurrection to Reformation*.

Thanks again for another amazing guide!"

Patti in Orangefield, Texas

"What drew us into *Resurrection to Reformation*...the great books. We are using the extension package, as well as the basic, and my son enjoys all the books -- even Shakespeare!!! We have learned so much about this time period, and more importantly the information sticks with my son, since he's learning through living books. He's often saying, "Hey, mom, did you know...?" I remain amazed at how you find such great books for your curriculum!"

Michelle in Amana, Iowa

"We have been so blessed by *Resurrection to Reformation* this year! I love how the information learned is intertwined with the truths of God, and then taken farther in the Student Notebook encouraging the students to picture themselves in the time period and simultaneously see God's hand in it. This guide really builds an independent love of learning and independence in coming to know God deeper and personally. We'll be using *Resurrection to Reformation* again when my younger children are ready, and honestly I can't wait!"

Brenda in Buford, Georgia

Learning Through History Focus: The Ancient Church

Unit 1 - Day 1

Reading About History I

Read about history in the following resource:

★ *Redemption: Paul* p. 29-38

After today's reading, orally narrate or retell to an adult the text that you read today. Use the *Narration Tips* in the Appendix for help as needed.

Key Idea: Paul spread the gospel of Jesus to many cities all over the Roman Empire. Even though Paul was a Jew, he preached to both Jews and Gentiles. After casting a demon out of a slave girl in Philippi, Paul and Silas were imprisoned. God used an earthquake to free Paul and Silas. They shared the good news of Jesus with the jailer in Philippi. After Paul and Silas' release, a joyful church began in Philippi.

Storytime T/I

Get an index card. Title it "Vivid Descriptions". Make 2 columns on the card. Label the first column "Page" and the second column "Description of...". During today's reading, listen or watch for one description that paints a vivid picture in your mind of a character, place, or event. Note on the card the page number on which the description occurred and what it described. Read the following assigned pages:

★ *Forbidden Gates: Ch. 1* p. 1-11
After the assigned reading, either hand in your card or share it aloud. Then, save the card.

Key Idea: Identify and note vivid descriptions.

Research I

After being jailed at Philippi, Paul eventually sailed for Rome. He spent time in Rome under house arrest for over two years. Where could you look to discover more about Rome? Use a reference book or an online resource like www.wikipedia.org. You may wish to look in more than one resource to make sure the facts are accurate.

Then, open your *Student Notebook* to Unit 1 – Box 4. On the postcard, write to someone about Rome by sharing the answers from your research to the following questions: *Of which country is Rome the capital city? Describe where Rome was built. Near which famous river is Rome located? What has Rome been nicknamed? Name some famous tourist destinations in Rome and tell a bit about them.*

Key Idea: Paul spent several years under house arrest in Rome while preaching and writing.

History Project S

In this unit you will make a Roman arch out of air-dry clay. To make the clay, mix 2 Tbsp. salt with ¼ cup warm water. Add 2/3 cup flour to the mixture and stir to combine. With your hands, knead the clay for 5 minutes. Open your *Student Notebook* to Unit 1 – Box 9 to see the design of the arch that you will make. On waxed paper, shape the clay into a rectangular log that is ½" thick, 1" wide, and 12" long. Keeping the log flat on your paper, mold it into the shape of an arch. Then, cut it into 7 pieces, with 3 equal pieces up each side and one larger piece at the center of the arch. This centerpiece is the keystone. Allow the pieces to dry.

Key Idea: The arch of Titus was constructed in Rome about 20 years after Paul's death. It was built to commemorate Titus' destruction of Jerusalem in 70 A.D. as prophesied by Jesus.

Independent History Study I

★ Listen to *What in the World?* Vol. 2 Disc 1, Tracks 1-2: "Welcome to Medieval History" and "First-Century Church & Emperors".

Key Idea: Christ's resurrection was the spark that ignited the early church and gave hope to the faithful.

Learning the Basics Focus: Language Arts, Math, Bible, Art, and Science

Unit 1 - Day 1

Bible Quiet Time I

Bible Study: Read the assigned pages in the following resource:

★ *Hidden Treasures in Philippians* p. 7-8

Prayer Focus: Pray a prayer of adoration to worship and honor God. Begin by praying, *Lord, I worship you for your...*

Scripture Card 1: Recite Philippians 1:1.

Music: *Philippians 1* Audio: Track 1 (verse 1)

Key Idea: Introduce the study of Philippians.

Art Appreciation T

Read the assigned pages in the resource below.

★ *Looking at Pictures* p. 8-10

After reading, open the *Student Notebook* to the back section titled "The Art Gallery". Find *Cognoscenti (Art Lovers) Looking at Pictures* in Unit 1. Introduce the title of the painting. Then, quietly study the picture, absorbing every detail. After studying the picture, place it facedown and take turns narrating details from the painting. Listen carefully to one another so as not to repeat what has already been shared. When no more details are forthcoming, view the picture to clarify the details in your minds. Then, ask students to share any impressions of the story within the picture, the colors and lines, areas of light and shadow, thoughts on the historical time period, or guesses as to the time of day.

Key Idea: As in a worthy book, we leave the author to tell his own tale, so do we trust a picture to tell its tale through the medium the artist gave it. – Charlotte Mason (Vol. 6, p. 216)

Language Arts S

Have students complete one studied dictation exercise (see Appendix for directions and passages).

Help students complete one lesson from the following reading program:

★ *Drawn into the Heart of Reading*

Work with the students to complete one of the writing options listed below:

★ *Writing & Rhetoric Book 3: Narrative II* p. 1-4 (Note: Read the text aloud while the students follow along. Then, discuss "Tell It Back" and "Talk About It".)

★ Your own writing program

Key Idea: Practice language arts skills.

Math Exploration S

Choose one of the math options listed below (see Introduction or Appendix for details).

★ *Singapore Primary Mathematics 5A/5B* or *6A/6B*, or *Apologia Math*, or *Mastering Essential Math Skills Book 2*

★ Your own math program

Key Idea: Use a step-by-step math program.

Science Exploration I

★ Read *Exploring Creation with Astronomy* p. 14-15. Day 1 of each unit includes a science notebook assignment. Store completed notebook entries in a 3-ring binder with plastic page protectors or in a bound sketchbook with unlined pages. At the top of an unlined paper, copy Psalm 19:1. Beneath the copy the planet chart shown in "Activity 1.1" on p. 19. Complete the chart with your own mnemonic phrase. For an example, see the chart shown above "Activity 1.1" on p. 19.

Key Idea: Astronomy is the study of the universe, which belongs to God and was made by Him.

The *Resurrection to Reformation* teacher's guide includes two program choices for grammar and writing: *Building with Diligence: English 4* OR *Following the Plan: English 5*. For older students, *Progressing with Courage: English 6* is available, but not scheduled. Short lessons provide a solid foundation in learning grammar for the purpose of writing. The lessons are easy-to-use, sequential, and comprehensive. The beginning page of each lesson introduces the concepts. The next 1-2 pages have oral exercises to complete with the parent's help, and written exercises for the child to complete. This resource is required for grammar instruction, unless you are doing grammar in some other way. *Building with Diligence English 4* (\$20.70), *Teacher's Manual* (\$27.50) *Following the Plan English 5* (\$22.20), *Teacher's Manual* (\$29.95) *Progressing with Courage English 6* (\$23.70), *Teacher's Manual* (\$32.95)

Note: Since Rod and Staff English is more advanced than many English programs, we recommend placing children one year younger than their grade unless they've previously used an advanced program.
